AIM is a market designed primarily for emerging or smaller companies to which a higher investment risk tends to be attached than to larger or more established companies. AIM securities are not admitted to the Official List of the UK Listing Authority. A prospective investor should be aware of the risks of investing in such companies and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser. Each AIM company is required pursuant to the AIM Rules for Companies to have a nominated adviser. The nominated adviser is required to make a declaration to London Stock Exchange plc on admission in the form set out in Schedule Two to the AIM Rules for Nominated Advisers. The London Stock Exchange plc has not itself examined or approved the contents of this document. The AIM Rules for Companies are less demanding than the listing rules of the UK Listing Authority. It is emphasised that no application is being made for admission of these securities to the Official List of the UK Listing Authority. The Existing Ordinary Shares are not dealt in on any other recognised investment exchange.

The Company, the Existing Directors and the Proposed Directors, whose names appear on page 6 of this document, accept responsibility, individually and collectively, for the information contained in this document. To the best of the knowledge and belief of the Company, the Existing Directors and the Proposed Directors (who have taken all reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

GLOSSARY OF TECHNICAL TERMS

The following table provides an explanation of certain technical terms and abbreviations used in this document. The terms and their assigned meanings may not correspond to standard industry meanings or usage of these terms.

"basal body temperature"or **"BBT"**	this is the lowest body temperature attained during rest (usually during sleep). In women, ovulation causes an increase of one-half to one degree Fahrenheit in BBT; hence monitoring of BBT is one way of estimating the day of ovulation. The tendency of a woman to have lower temperatures before ovulation, and higher temperatures afterwards, is known as a biphasic pattern. Charting of this pattern may be used as a component of fertility awareness;
"CE Mark"	CE marking is a mandatory conformity marking for certain products sold within the European Economic Area ("EEA") since 1985. The CE marking is also found on products sold outside the EEA that are manufactured in, or designed to be sold in, the EEA;
"China"	the People's Republic of China (PRC);
"CFDA"	the China Food and Drug Administration is in charge of comprehensive supervision on the safety management of food, health food and cosmetics and is the competent authority of drug regulation in mainland China;
"hCG"	human chorionic gonadotropin (hCG) is a hormone produced by the embryo following implantation; a rise in the level of hCG is indicative of pregnancy;
"healthy pregnancy"	this is where a pregnancy should follow a steady increase in the hormone hCG. Typically the hormone hCG should double/triple every two days and if the hCG trajectory does this, it is considered this as a healthy pregnancy;
"IVF"	in vitro fertilisation, a medical procedure whereby an egg is fertilised by sperm in a test tube or elsewhere outside the body;
"LH"	luteinising hormone, also known as lutropin or lutrophin is a hormone produced by gonadotropic cells in the anterior pituitary gland.
"LH Double Peak"	LH Double or multiple peak can sometimes occur within a woman's cycle. When this happens there is a first increase in the LH level, but this is not when the egg is released, and then the next day or some short time later a second surge, generally larger but not necessarily, when the egg is released. If the woman takes the first peak as her surge and copulates it reduces the likelihood of a successful fertilisation as it would be too early;
"LH surge"	an acute rise of LH levels – which triggers ovulation and development of the corpus luteum;
"menstrual cycle" or **"cycle"**	the process of ovulation and menstruation in women and other female primates;
"personalised mobile health market"	the resultant market arising from two mutually reinforcing phenomena; namely a new focus on patient engagement and empowerment, and the scientific and technological developments of

	the twenty-first century. Embracing these emerging forms of personalised medicine is critical to creating a more effective and sustainable health and care service;
"mIU/ml"	milli-international units per milli-litre;
"ovulation"	the period during the menstrual cycle when the level of oestrogen in the body is still increasing, causing the LH surge. This LH surge causes the dominant follicle to rupture and release the mature egg from the ovary, from where it enters the Fallopian tube;
"point-of-care"	where clinicians deliver healthcare products and services to patients at the time of care;
"qualitative tests"	in the context of pregnancy/ovulation testing, a test the outcome of which gives a positive or negative result;
"quantitative tests"	in the context of pregnancy/ovulation testing, a test which provides details of the absolute levels of hCG/LH within the sample, respectively;
"test"	a nitrocellulose strip contained in a plastic housing; and
"unexplained infertility"	also known as idiopathic infertility and is a classification used when standard infertility diagnosis cannot identify a cause for non-conception.

Dear Shareholder,

PROPOSED ACQUISITION OF CONCEPTA DIAGNOSTICS LIMITED
APPROVAL OF WAIVER OF OBLIGATIONS UNDER RULE 9 OF THE TAKEOVER CODE
CHANGE OF NAME TO CONCEPTA PLC
PLACINGS AND SUBSCRIPTION TO RAISE £3.538 MILLION
SHARE CONSOLIDATION
ADMISSION OF THE ENLARGED SHARE CAPITAL TO TRADING ON AIM
AND
NOTICE OF GENERAL MEETING

1. INTRODUCTION

The Company announced earlier today that it has agreed terms in respect of the acquisition of Concepta Diagnostics Limited. As a result, a number of proposals are to be put to Shareholders at the General Meeting. This document sets out the details of, and reasons for, the Proposals.

The Acquisition, if completed, will constitute a reverse takeover under the AIM Rules and therefore is subject to the approval of Shareholders at the General Meeting. Further details of the General Meeting are set out in paragraph 23 of this Part I. Further details of the terms and conditions of the Acquisition are set out in paragraph 5 of this Part I.

The consideration for the Acquisition of £3.026 million is to be satisfied by the issue of 30,343,950 New Ordinary Shares at the Issue Price of £0.075 per share and cash of £750,120, which values the Existing Share Capital at circa. £1.55 million. In addition, the Company will assume £650,000 of Concepta's debt, which will be converted to New Ordinary Shares in Frontier under the Debt Conversion Agreement.

Following implementation of the Proposals, a group of Shareholders of the Enlarged Group comprising the Vendors of Concepta (excluding FYSCF) together with myself are deemed to be acting in concert – referred throughout this document as the Concert Party.

Following Admission the Concert Party will be interested in 33,301,138 New Ordinary Shares, representing approximately 30.55 per cent. of the Enlarged Ordinary Share Capital. If all New Options and New Warrants to be granted to members of the Concert Party were exercised at the earliest available opportunity, the Concert Party would be interested in a total of 37,811,438 New Ordinary Shares representing 33.31 per cent. of the Company's then issued share capital.

Under Rule 9 of the Takeover Code, the Concert Party would normally be obliged to make an offer to all Shareholders to acquire their New Ordinary Shares. Following an application by the Concert Party, the Panel has agreed to waive this obligation, subject to the approval of the Independent Shareholders (on a poll) at the General Meeting. Your attention is drawn to the Rule 9 Waiver section contained in paragraph 7 of this Part I.

The Directors believe that it is appropriate, should the Acquisition be approved by Shareholders at the General Meeting and the Acquisition completed, that the name of the Company be changed to Concepta Plc.

The Directors are proposing the Share Consolidation (whereby every 250 Existing Shares are converted into 1 New Ordinary Share) as they consider that it is in the best interests of the Company's long term development as a public quoted company to have a lower number of shares in issue and a higher nominal value such that Ordinary Shares are traded in pence rather than fractions of pence.

The purpose of this document is to provide Shareholders with further information regarding the matters described above and to seek your approval of the Resolutions, which include the Rule 9 Waiver, at the General Meeting. The notice of General Meeting is set out at the end of this document. The Proposals are conditional, *inter alia*, on the passing of the Resolutions and Admission. If the Resolutions are approved by Shareholders, it is expected that Admission will become effective and dealings in the Enlarged Ordinary Share Capital will commence on AIM on or around 26 July 2016. The General Meeting of the Company at which the Resolutions will be proposed has been convened for 11.00 a.m. on 25 July 2016 at Finsgate, 5 – 7 Cranwood Street, London EC1V 9EE.

You should read the whole of this document and not just rely on the information contained in this letter. In particular, you should consider carefully the "Risk Factors" set out in Part III of this document. Your attention is also drawn to the information set out in Part II and in Parts IV to VIII of this document.

2. BACKGROUND TO AND REASONS FOR THE ACQUISITION

The Company became an AIM Rule 15 cash shell on 23 March 2016, following the disposal of its previous subsidiaries, Frontier Oman Resources Limited and Frontier Resources International Inc. Under this Rule the Company must make an acquisition or acquisitions which constitute a reverse takeover under AIM Rule 14 within six months, failing which the Exchange will suspend trading in the Company's shares pursuant to AIM Rule 40. Since 23 March 2016 the Company has been seeking suitable acquisitions that fit within its new investing policy which is to focus on targeting the acquisition of a business in the media, technology and healthcare sectors.

The Existing Directors believe that the acquisition of Concepta Diagnostics Limited fits within that policy and that the Acquisition presents the Company and its Shareholders with an exciting opportunity to benefit from a business with significant potential in a developing personalised healthcare sector.

Accordingly, the Directors propose that, subject to Shareholders' approval of the Resolutions, the Company will acquire the entire issued share capital of Concepta. The Enlarged Group's operations would thereafter constitute exclusively those of Concepta. Details of the business and operations of Concepta are set out below in paragraph 3 of this Part I.

3. INFORMATION ON CONCEPTA & FUTURE STRATEGY OF THE ENLARGED GROUP

Overview and Strategy

Concepta Diagnostics Limited is a healthcare company operating in the area of fertility and, more specifically, in the niche market segment of unexplained infertility. Concepta's products target the personalised mobile health market which forms part of the growing global connected healthcare sector.

The initial product offering addresses a specific area of unexplained infertility that women can check themselves. The ability to quantify personal hormone levels enables the identification of the fertile period for a large number of women, especially those whose hCG and LH levels vary from mean levels.

The pipeline of future tests which the Directors hope to develop will target additional factors that can affect conception. Addressing a number of factors in any given cycle aims to increase the chances of conception.

The product platform allows for data to be transferred to healthcare professionals and offers the opportunity to play a wider role in private or government mobile health initiatives.

Background

Concepta was founded in 2013 by Michael Catt and Zhang Zhi Gang, each of whom has a background in women's health diagnostics. The founders, and several other of Concepta's employees, had previously worked for Unipath Limited (subsequently part of Alere, Inc), a company operating in the pregnancy and ovulation testing market segment. Concepta was established to address initially the specific needs of women with fertility issues, with target customers being women who are classified as having "unexplained infertility". These are women who are clinically identified as having no identified cause of infertility and who have not conceived after 1 year of trying.

The Concepta team has developed a proprietary platform for self-testing with application in the home as well as in a point-of-care environment. The platform allows Concepta to participate in the exciting emerging mobile health and connected health sectors where the use of technology is looking at improved health outcomes at a lower burden to healthcare systems. An increased ability to track and monitor wellbeing is expected by the Directors to lead to improved prevention.

In April 2014, Concepta raised £2.3 million of funding in a private round from FYSCF, Angel CoFund, private individuals, and its directors and employees.

During the first half of 2016 a further £0.68 million of bridging finance was raised from Concepta's shareholders, their associates, and its advisers.

Infertility: the issue Concepta is seeking to address

There is a range of available research which indicates that "fertility issues" exist for a significant minority of women. For example, a World Health Organisation report looking at national, regional and global trends using data from 277 health studies from 190 countries lead to an estimate of 48.5 million infertile couples worldwide after five years of trying.

Medical intervention in cases of infertility typically does not start until after 12 months of unsuccessfully trying for a baby. In the UK In Vitro Fertilisation (IVF) treatment is typically only offered after trying for 2 years. In the Concepta Directors' experience, many women and couples start to take positive action ahead of this time.

The term "infertile" can be a misnomer: studies illustrate that after 6 months of trying around 70% of women will be pregnant. The rate of conception slows down thereafter, such that after 2 years around 91% of women are expected to be pregnant.

Concepta's aim is to target primarily these women (who have not become pregnant after 6 months of trying) with the objective of speeding up the time to pregnancy.

Concepta's platform and suite of tests, of which it has two existing tests but more of which are in development and/or planned, allow measurement of factors that can affect the chances of a couple to conceive in any given menstrual cycle as well as providing confirmation (or not) of conception. The focus is on parameters where access to this information can lead to intervention of infertility issues, and where the use of the various products can cumulatively increase the chance of conception.

At present, the Concepta platform allows the measurement of a woman's personal hCG and LH levels. It can store the data and allows for tracking of the menstrual cycle and comparison with her previous menstrual cycles. Concepta's management know of no other home test that can provide women with this quantitative information. Home tests are based on the "average woman", however large variances can exist between women. Concepta's target group of women with "unexplained infertility" has a higher likelihood of not falling into the "average" category.

Description of the platform

Concepta Diagnostics Limited has developed a platform comprising a proprietary meter ("MyLotus Meter") and urine test under the MyLotus brand, together with a mobile phone application ("App") which is compatible with Apple iOS and Android systems.

On a stand-alone basis the App enables users to input data obtained from the urine tests to allow period tracking and mood diary entries. The application allows entering and logging of the test results, which indicate their fertility status and/or pregnancy that appear on the MyLotus Meter.

The business model relies on creating awareness among the target group and on selling them a starter pack that contains a MyLotus Meter and sufficient tests for 3 cycles. Refill test packs can be bought for further cycles.

Once the test (see Figure 1 below) has been inserted in the MyLotus Meter (Figure 2 below) a urine sample is applied. The MyLotus Meter's proprietary anti-counterfeiting facility ensures that only the results of valid tests (i.e. those manufactured by Concepta), and which are used before the "use-by date", are displayed. A digital display shows these results.

Concepta's ovulation test

Precise knowledge of the timing of ovulation has important clinical implications including: helping to optimise the chances of conception; the monitoring of growth; screening for birth defects and the management of delivery following confirmation of pregnancy.

There is considerable normal variability in the phases of the menstrual cycle. Indeed in only about 30% of women is the fertile window entirely within the days of the menstrual cycle identified by clinical guidelines.

The technology for Concepta's ovulation test allows the detection and quantification of the level of LH in urine samples. Once inserted in the MyLotus Meter the test gives both a qualitative result (i.e whether the outcome is positive or negative) to indicate whether a surge in LH has been detected. It also provides a quantitative result – of the actual level of the hormone in the sample.

Detection of the LH Surge is an indicator that ovulation could happen in the next 24 – 48 hours, thereby providing the user with valuable information as to when to attempt conception.

The information received from the quantitative result (expressed in mIU/ml) can be input into the App. For women with unexplained infertility, monitoring the quantitative levels can provide background information to their doctor. For example, a high level of pre-ovulatory LH can be linked to poor conception rates; women with low LH base levels may not detect their ovulation with some other commercial kits which do not tailor results to each user, but rather to the average woman rather than to each user.

MyLotus LH tracking allows a number of LH variations to be identified (e.g. pre-peak surges, small, double and long peaks), thereby providing useful information to users in planning conception.

Additionally monitoring of the menstrual cycle around specific fertility issues, such as polycystic ovary syndrome can take place.

Concepta's pregnancy test

Concepta's pregnancy test also provides both qualitative and quantitative (mIU/ml) results. The qualitative result simply confirms pregnancy (or not). Concepta intends to develop the quantitative result further into a healthy pregnancy monitoring feature as the hCG hormone exhibits a steady rise in the early stages of

pregnancy. Many women currently test themselves on a regular basis to see whether they are still pregnant. Qualitative tests are not suitable for this and can give them the wrong result.

Intellectual Property

Concepta has looked to obtain intellectual property through patents, Company know-how, design rights and trademarks.

Patent

Concepta's main patent application looks at the use of the LH Surge to estimate fertilisation date, from this the hCG progression can be tracked to establish if hCG levels are in a healthy range. If they are not, then quick intervention can be delivered to help the pregnancy return to normal health trajectory. Concepta's patent application covers this aspect in a portable system.

Concepta has a sole patent family which includes a pending international patent application, and an application which is being pursued in the UK, and is currently in examination.

Company know-how

Anti-counterfeiting measures have been added to Concepta's system to prevent competitors from copying Concepta's devices. Concepta is keeping, and intends to keep, this as company know-how and will not publish this information.

Design Rights

The MyLotus Meter design and strip design has been protected using design rights. This means that the public design and shapes of Concepta's products cannot be lawfully copied. Application for design right protection have been filed in Europe, Japan, Taiwan, India and China, and of these the European Designs have been registered.

Trademarks

Concepta has trademarks in Europe granted for MyLotus, Lotus, Concepta, and our Flower, and is still waiting for the outcomes from Japan, Taiwan and China.

Freedom to Operate

As far as the Directors are aware there are no issues that impact Concepta's freedom to operate.

Further details of Concepta's IPR are set out in paragraph 16 of Part VIII of this document.

Regulatory Approvals

The British Standards Institution ("BSI") has been chosen as Concepta's authorised body for obtaining CE marking. Concepta has passed Stage 1 of the ISO13485 audit. Concepta has commenced the process to seek a CE Mark for the ovulation and pregnancy products, and it is envisaged that this process will take around 9 months to complete post Admission, subsequent to which the Directors expect that the products will be allowed to be sold in the UK and the EU.

Product registrations in China under CFDA have been obtained by Concepta's manufacturing partner, Shiajiazhuang Huanzhong Biotech Limited ("SHBL"). Concepta has entered into an agreement with SHBL (set out in more detail in paragraph 15.18 of Part VIII of this document), whereby SHBL has confirmed that it holds the registration of the products for the benefit of Concepta alone, and that it will use the registration solely for the production of the Concepta products. Additionally Concepta has the right to acquire the business holding the registration if certain events were to occur. Once production for the Chinese market commences, it is also anticipated that SHBL will act as assembler and packager of Concepta's products from components (tests and MyLotus Meters) to be supplied by Concepta though no formal assembly agreement has yet been signed. Following Admission, this registration means that Concepta will be in a position to take orders immediately post Admission.

Future products

Concepta has a development programme for further products that will complement the existing product offering to couples with unexplained infertility and where monitoring can cumulatively improve their chance to conceive. Concepta's R&D effort will be focussed on incorporating next generation product ideas into its proprietary MyLotus Meter, providing improved functionality and lower-cost production.

The Directors believe that, ultimately, the platform lends itself to be used by multiple members of a household by offering personalised monitoring, where each member puts together a profile of parameters they wish to monitor. The MyLotus Meter will be capable of use by multiple users who will be able to download results to their personal App.

Concepta is exploring technology that allows more of this quantitative testing to be done in a home and/or point-of-care environment.

Target markets

Concepta's core target market is women who have tried but failed to conceive for 6 months or longer, although its existing products are suitable for any woman seeking to conceive. The Directors calculate, based on their knowledge of the industry and published articles on the subject, that this core market represents around 3,500 women in any representative population of 1 million women.

Furthermore the Directors believe that this target market is typically highly motivated and is easy to identify. As such, the Directors' strategy is to adopt a targeted approach, rather than adopting a traditional mass-market Over The Counter marketing approach. The business plan does not rely on heavy TV advertising nor does it require significant margins for retail chains. The Directors believe that targeted awareness, availability and affordability are the marketing factors that will drive sales growth.

Premises and Manufacturing

Concepta has its registered office in York and a research laboratory in Colworth, Bedfordshire.

At present the manufacturing of the test strips takes place at the Colworth site which also has some capacity for manual assembly of the test strips into their plastic housing. As the Company moves from low volume production towards commercial production post Admission, the test strip production will be relocated. Concepta will be setting up a manufacturing site in Yorkshire, using a "pick and place" machine which will automate the assembly process for high volumes. The entire re-location process is expected to take 4 – 6 months. Plans are in place to handle the initial orders with manual assembly. It is intended that all the Company's products will be "made to order" with a standard lead time of 12 weeks.

Real time stability testing will extend the product shelf-life over time from the current 12 months to a minimum of 2 years. Actual demand data will then allow Concepta to optimise batch sizes and improve lead times.

The MyLotus Meter is manufactured for the Company by Shenzhen H&T Intelligent Control Ltd. Concepta is in advanced negotiations on the terms of an Assembly Agreement with SHBL, which is expected to be concluded in the near future.

Routes to market

Europe

The Directors believe that the target market in the EU comprises c1.7m women.

As mentioned above, Concepta has commenced its application for CE Marking which is required before it can make sales in the EU. Concepta intends to focus initially on its home market in the UK, and will target on-line sales direct to consumers rather than through retail channels. Marketing activities will centre on dedicated websites for infertile women, specialised publications, help and support groups and the specialised consumer fertility exhibitions.

Achievement of CE marking will allow roll-out into other EU markets.

China

Concepta has the ability to sell into China already, through the CFDA registration obtained by SHBL. In China Concepta intends to use two routes to market: namely through hospitals and via the online market. Concepta intends to target what it has identified as the top 20,000 out of some 600,000 medical facilities and hospitals. This will require a network of regional distributors. Concepta anticipates it will ultimately need to appoint 20 distributors. However in the initial stages, Concepta intends to test this route through the appointment of one distributor.

Concepta will aim to outsource the operational functions to its distributor and will retain control over strategic planning. It is anticipated that its distributor will employ dedicated staff to implement Concepta's strategy for China. This will primarily include the implementation of the marketing plan and the management of a network of Chinese distributors. Concepta expects to receive its first order from its distributor, with payment in advance, following hospital testing soon after Admission.

The second route to market will be via the on-line market, which the Directors believe to be growing fast in China. To date over 400 licences to operate on-line pharmacies have been issued by the PRC Government. Concepta's distributors will be responsible for contracting with suitable on-line pharmacies, and managing those who sign up. Concepta intends to work on-line with a dedicated Chinese distributor through its dedicated staff to provide sales and product support to its distributors.

Competition

Pregnancy tests and ovulation tests have been available commercially for over 30 years. However, the users of those tests can range from those women hoping for a negative result through to Concepta's target market of infertile women hoping to improve their chances of conception.

As such, some providers of products which are capable of use by Concepta's target market are not regarded by the Directors as direct competition. These include, for example, manufacturers of basic urine tests which are capable of providing a yes/no result. However, the Directors believe that ovulation tests are usually provided by competitors as an add-on to the pregnancy test.

The women in the "unexplained infertility" category are typically not "average" – in the sense that their base LH levels may be lower than the statistical mean, or their ovulation commences earlier or later than this mean. Consequently, the Directors believe that current commercial tests are often not suitable for them. Some women use Basal Body Temperature, however medical advice warn not to use this for ovulation testing.

The Directors believe that a large section of the target group currently does not seek medical help. Whilst some ultimately opt for IVF, which tends to produce a pregnancy on c27% of occasions, the Directors believe that MyLotus offers them a chance to try for a natural conception at a fraction of the cost of this alternative.

Apart from competing with IVF, MyLotus can also be used as a complementary product prior to IVF treatment to help identify and rule out cycles with a low probability of success.

7. IMPLICATIONS OF THE PROPOSALS UNDER THE CODE

Background to the Concert Party

Under the Code a concert party arises, inter alia, when persons acting together pursuant to an agreement or understanding (whether formal or informal), co-operate to obtain or consolidate control of, or frustrate the successful outcome of an offer for, a company to which the Code applies. Control means an interest or interests in shares carrying an aggregate of 30 per cent. or more of the voting rights of the company irrespective of whether the holding or holdings give de facto control. Persons acting in concert include persons who, pursuant to an agreement or understanding (whether formal or informal), co-operate, to obtain or consolidate control of that company.

Shareholders of a company which is being acquired for shares in a transaction subject to the Code are deemed to be acting in concert. The Panel has agreed, based solely on information provided by the Company, that a concert party exists in relation to the Proposals. The Vendors (excluding FYSCF), together with myself, form the Concert Party in relation to the Proposals.

Further details of the Concert Party are set out in Part VII of the document.

Concert Party

The Concert Party's existing shareholdings in the Company and their proposed interest in the Enlarged Group immediately following Admission are set out in the table below:

*1 assuming only the New Warrants and New Options to be granted to members of the Concert Party are exercised at the earliest possible opportunity.

In aggregate, on Admission the Concert Party will be interested in 33,301,138 New Ordinary Shares, representing a maximum of 30.55 per cent. of the Enlarged Share Capital following Admission assuming: (a) no exercise of any outstanding New Options, New Warrants or Existing Warrants; and (b) no other share issues.

Maximum Potential Controlling Positions

Concert Party

As at the date of this document, the members of the Concert Party have an interest in 173,333,333 Existing Ordinary Shares representing 3.36% of the Existing Ordinary Share Capital. Immediately following Admission, the Concert Party will be interested in, in aggregate, 33,301,138 New Ordinary Shares, representing 30.55 per cent. of the Enlarged Ordinary Share Capital which, without a waiver of the obligations under Rule 9 of the Takeover Code, would oblige the Concert Party to make a general offer to Shareholders under Rule 9 of the Takeover Code. Assuming only the New Options and New Warrants to be granted to members of the Concert Party are exercised at the earliest possible opportunity, the Concert Party will be interested in 37,811,438 New Ordinary Shares representing 33.31 per cent. of the Ordinary Share Capital (as so enlarged).

The increase in the Concert Party's interest in New Ordinary Shares, resulting from the issue of the Consideration Shares, Debt Conversion Shares, Firm Placing Shares, Subscription Shares and Offer Shares to the Concert Party would ordinarily incur an obligation under Rule 9 of the Code for the Concert Party to make a general offer for the remainder of the entire issued share capital of the Company. Additionally, the exercise of New Options and New Warrants to be granted to members of the Concert Party (if the aggregate percentage interest in the Company's voting rights at such time of the Concert Party was below 50%) would also ordinarily incur an obligation under Rule 9 of the Code for the Concert Party to make a general offer

for the remainder of the entire issued share capital of the Company. However, the Panel has agreed to waive these obligations subject to the approval of the Independent Shareholders voting on a poll at the General Meeting.

Further details regarding the provisions of the Code, the Whitewash Resolution and the interests of the Concert Party in the Company are set out below in the section headed "Waiver of Rule 9 of the Code" of this Part I and in Part VII of this document.

Independent Shareholders

I am not regarded as an Independent Shareholder as I am deemed to be a member of the Concert Party (details of which are set out in paragraph 3 of Part VII of this document). Additionally Barbara Spurrier is not regarded as an Independent Shareholder by virtue of the proposed issue to her of New Warrants, conditional upon Admission, as set out in paragraph 15 of this Part I. All other shareholders in Frontier are deemed to be Independent Shareholders.

Intentions of the Concert Parties

At present Frontier Resources is an "investing company" with no trading business. The Company's objective has been to acquire a trading business, and the Existing Directors believe that the acquisition of Concepta fulfils this objective. The Concert Party has confirmed that following completion of the Proposals its intention is that the business of the Company is changed to that of developing the Concepta business as described under "Information on Concepta and the Future Strategy of the Enlarged Group" as set out in paragraph 3 above.

Other than this change to the Company's strategy, the Concert Party has specifically confirmed that they have no intention to make changes regarding:

- the location of the Company's places of business;
- the continued employment of the Company's employees and management, including any material changes in employment;
- employer contributions into the Company's pension schemes, the accrual of benefits for existing members and the admission of new members; or
- the maintenance of any existing trading facilities for the Ordinary Shares (i.e. the trading of the Company's shares on AIM),

nor will there be any redeployment of the fixed assets of the Company as result of the Proposals.

Waiver of Rule 9 of the Code

The Code is issued and administered by the Panel. The Company is a company to which the Code applies and its Shareholders are entitled to the protections afforded by the Code. Under Rule 9 of the Code, any person who acquires an interest (as defined in the Code) in shares which, taken together with shares in which he is already interested and in which persons acting in concert with him are interested, carry 30 per cent. or more of the voting rights of a company which is subject to the Code, is normally required to make a general offer to all the remaining shareholders to acquire their shares.

Rule 9 of the Code further provides that where any person, together with persons acting in concert with him, is interested in shares which in aggregate carry not less than 30 per cent. of the voting rights of a company but does not hold shares carrying more than 50 per cent. of such voting rights and such person, or any such person acting in concert with him, acquires an interest in any other shares which increases the percentage of shares carrying voting rights in which he is interested, such person or persons acting in concert with him will normally be required to make a general offer to all remaining Shareholders to acquire their shares.

An offer under Rule 9 of the Code must be made in cash at the highest price paid by the person required to make the offer, or any person acting in concert with him, for any interest in shares of the company during the 12 months prior to the announcement of the offer.

The Company has applied to the Panel for a waiver of Rule 9 of the Takeover Code in order to permit the Acquisition without triggering an obligation on the part of the Concert Party to make a general offer to Shareholders. Subject to the approval of the Independent Shareholders on a poll, the Panel has agreed to waive the obligation to make a general offer for the entire issued share capital of the Company that would otherwise arise as a result of the issue of the Consideration Shares in the Acquisition, the issue of Firm Placing Shares, the Subscription Shares, the Debt Conversion Shares and Offer Shares or any subsequent exercise of New Warrants or New Options. Accordingly, the Whitewash Resolution being proposed at the General Meeting will be taken by means of a poll of Independent Shareholders attending and voting at the General Meeting. None of the members of the Concert Party (nor any adviser connected to them) are permitted to exercise their voting rights in respect of the Whitewash Resolution but may exercise their voting rights in respect of the remainder of the Resolutions.

The waiver to which the Panel has agreed under the Code will be invalidated if any purchases are made by any member of the Concert Party, or any person acting in concert with either of them, in the period between the date of this document and the General Meeting. Furthermore, other than as set out in paragraph 4(b) of Part VII no member of the Concert Party, nor any person acting in concert with either of them, has purchased Ordinary Shares in the 12 months preceding the date of this document.

In each case above it is assumed that no other person has converted any convertible securities or exercised any option or any other right to subscribe for shares in the Company following the date of the Admission Document.

In the event that the Proposals are approved in the General Meeting, the Concert Party will not be restricted from making an offer for the remaining shares not held by them.

Independent Advice

SPARK Advisory Partners has provided advice to the Existing Directors in respect of the Offer as required under Rule 3 of the Code.

8. CHANGE OF NAME AND REGISTERED OFFICE

Subject to Shareholders' approval by way of special resolution, it is proposed, pursuant to Resolution 8 that the name of the Company be changed to Concepta PLC. In addition, following Admission the registered office will be moved to Concepta's York offices.

If the special resolution to approve the change of name of the Company is passed at the General Meeting, the Company's AIM symbol will be changed to CPT and its website address will be changed to www.conceptaplc.com following the General Meeting.

9. SHARE CONSOLIDATION

Admission is conditional upon the approval and completion of the Proposals, including the Share Consolidation. The Existing Ordinary Share Capital comprises 5,159,856,649 Existing Ordinary Shares.

The Share Consolidation which is expected to take place after close of business on the Record Date will involve every 250 Existing Ordinary Shares being consolidated into 1 New Ordinary Share. Accordingly the Board will issue one New Ordinary Share in exchange for every 250 Existing Ordinary Shares held. Resolution 3 to be proposed at the General Meeting proposes that every 250 Existing Ordinary Shares of the Company be consolidated into one New Ordinary Share. The rights attached to the New Ordinary Shares will be the same as the rights attaching to the Existing Ordinary Shares and the New Ordinary Shares will trade on AIM in place of the Existing Ordinary Shares.

Following the Share Consolidation, Shareholders will own the same proportion of Ordinary Shares in the Company as they did previously (subject to fractional entitlements) but will hold fewer New Ordinary Shares than the number of Existing Ordinary Shares currently held. The Share Consolidation will result in an issued

ordinary share capital of 20,639,427 New Ordinary Shares. The Deferred Shares will not be affected by the Share Consolidation.

In order to ensure that a whole number of New Ordinary Shares is created, it is proposed that the Company may issue Existing Ordinary Shares to the Registrar. The number of Existing Ordinary Shares to be issued will be 101 which will result in the total number of Existing Ordinary Shares being exactly divisible in accordance with the consolidation ratio.

No Shareholder will be entitled to a fraction of a New Ordinary Share and where, as a result of the Share Consolidation, any Shareholder would otherwise be entitled to a fraction only of a New Ordinary Share in respect of their holding of Existing Ordinary Shares on the date of the General Meeting (a "Fractional Shareholder"), such fractions will, in so far as possible, be aggregated with the fractions of New Ordinary Shares to which other Fractional Shareholders of the Company would be entitled so as to form full New Ordinary Shares ("Fractional Entitlement Shares"). These Fractional Entitlement Shares will be aggregated and sold in the market and the net proceeds of the sale shall be retained by the Company.

The provisions set out above mean that any such Fractional Shareholders will not have a resultant proportionate shareholding of New Ordinary Shares exactly equal to their proportionate holding of Existing Ordinary Shares, and as noted above, Shareholders with only a fractional entitlement to a New Ordinary Share (i.e. those Shareholders holding a total of fewer than 250 Existing Ordinary Shares at the Record Date) will cease to be a Shareholder of the Company. Accordingly, Shareholders currently holding fewer than 250 Existing Ordinary Shares who wish to remain a Shareholder of the Company following the Share Consolidation would need to increase their shareholding to at least 250 Existing Ordinary Shares prior to the Record Date. Shareholders in this position are encouraged to obtain independent financial advice before taking any action.

The Existing Warrants will also be subject to the Share Consolidation. The terms of the respective Warrant instruments provide that in the event of any consolidation of the share capital of the Company, then the number of shares subject to the Warrant and/or the exercise price payable on exercise of a Warrant shall be adjusted accordingly to reflect the concentrative effect of the relevant share consolidation.

The Company will issue new share certificates to those Shareholders holding shares in certificated form to take account of the Change of Name and the Share Consolidation. Following the issue of new share certificates, share certificates in respect of Existing Ordinary Shares will no longer be valid. Shareholders will still be able to trade in Ordinary Shares during the period between the passing of the Resolutions and the date on which Shareholders receive new share certificates.

10. PLACINGS AND SUBSCRIPTION

The Company proposes to undertake the Placings and a Subscription to raise up to £3.538 million (before expenses) comprising:

- The Firm Placing of 32,050,342 New Ordinary Shares at the Issue Price to raise £2.403 million. This includes £1.0m of Firm Placing with Mercia Investment Plan, and £750,120 from certain of the Vendors (as set out in the tables on page 25 of this document).

  A Subscription for 1,373,330 New Ordinary Shares at the Issue Price to raise £103,000. This includes subscriptions as follows:

Employee	*No of Shares*	*Subscription*
Erik Henau	213,333	£16,000
Robert Porter	200,000	£15,000
Zhang Zhi Gang	133,333	£10,000

- The Conditional Placing (subject to clawback in the Open Offer) of 13,759,618 New Ordinary Shares at the Issue Price to raise £1.03 million.

The Offer Price (of 7.5 per New Ordinary Share) represents a discount of approximately 48 per cent. to the closing middle market price of 0.0575 pence per Existing Ordinary share on 6 July 2016, being the last business day prior to the announcement of the Proposals, once the effect of the Share Consolidation is taken into account.

11. OPEN OFFER

The Company proposes an Open Offer to raise up to £1.03 million (before expenses) through the issue of 13,759,618 New Ordinary Shares at the Issue Price. Any shares issued under the Open Offer will be "clawed back" from the Conditional Placing.

The Offer Shares will be offered to Qualifying Shareholders on the following basis:

2 Offer Shares for every 750 Existing Ordinary Shares held in their name(s) on the Record Date for the Offer

Shareholders should carefully consider the "Risk Factors" set out in Part III of this document before deciding whether or not to proceed with an investment in the Company.

Qualifying Shareholders are being offered the opportunity to apply for additional Offer Shares in excess of their Open Offer Entitlement to the extent that other Qualifying Shareholders do not take up their Open Offer Entitlement in full. In the event that applications are received for in excess of the 13,759,618 Offer Shares available, excess applications will be scaled back pro rata to Qualifying Shareholders' existing shareholdings.

The latest time and date for receipt of completed Application Forms and payment in full under the Open Offer is 11.00 a.m. on 22 July 2016. Admission and commencement of dealings in Offer Shares is expected to take place at 8.00 a.m. on 26 July 2016.

Full details of the Open Offer, together with the terms and conditions of the Open Offer, are set out in Part II of this document.

Any Qualifying Shareholder validly applying for his Open Offer Entitlement shown above will be allotted those shares.

Directors Intentions in the Open Offer

I have undertaken to subscribe for my Open Offer Entitlement of 462,222 New Ordinary Shares at the Issue Price.

Barbara Spurrier has undertaken to subscribe in the Open Offer for 200,000 New Ordinary Shares at the Issue Price. This proposed subscription includes 66,667 New Ordinary Shares in the name of CFPro Limited, a company with which Ms Spurrier is connected.

12. ADMISSION TO AIM AND DEALINGS IN THE NEW ORDINARY SHARES

If all of the Resolutions are passed at the General Meeting, application will be made for the Enlarged Ordinary Share Capital to be admitted to trading on AIM. It is expected that Admission will become effective and dealings in the New Ordinary Shares will commence on 26 July 2016. **No application has been or will be made for the New Warrants to be admitted to trading on AIM.**

If any of the Resolutions are not passed at the General Meeting, the Acquisition will not proceed and the Directors will consider alternative options for the Company.

SPARK Advisory Partners and Beaufort have been retained as the Company's nominated adviser and broker respectively in relation to Admission. Further details of SPARK Advisory Partners' and Beaufort's engagements are set out at paragraphs 15.10, 15.11, 15.4 and 15.5 respectively of Part VIII of this document.

13. USE OF FUNDS

The net proceeds of the Firm Placing, the Conditional Placing, the Open Offer and the Subscription will be deployed as follows:

• Cash element of the consideration for the Acquisition	£0.75m
• Marketing and product launch	£0.30m
• Product development	£0.60m
• Manufacturing set up	£0.25m
• CE Marking	£0.25m
• App development	£0.16m
• Patents	£0.125m
• General working capital	£0.603m
Total	£3.038m

14. LOCK-INS AND ORDERLY MARKET ARRANGEMENTS

The Locked-in Persons have undertaken to the Company, SPARK Advisory Partners and Beaufort that they will not dispose of any interest they hold in New Ordinary Shares for a period of 12 months following Admission without having first obtained the consent of SPARK Advisory Partners and Beaufort, such consent not to be unreasonably withheld and that, for a further period of 12 months thereafter, they shall only dispose of an interest in New Ordinary Shares on an orderly market basis through the Company's then broker.

Further details of the lock-in and orderly market arrangements are set out in paragraph 15.3 of Part VIII of this document.

15. WARRANTS AND OPTIONS

At the date of this document, the Company has Existing Warrants in issue in respect of 328,081,463 Existing Ordinary Shares of which 314,141,463 are "Bonus" warrants issued to those shareholders shown on the share register at 15 February 2016. These Existing Warrants are also the subject of the Share Consolidation. Following the Share Consolidation the holders of such Existing Warrants will be entitled, in aggregate, to subscribe for 1,312,325 New Ordinary Shares. The Bonus warrants are exercisable on 7 July 2016 and 7 October 2016, and the other warrants variously on 5 July 2018 and 12 November 2019, after which time they will lapse.

The Company has agreed to issue, conditional upon Admission, in aggregate, 8,133,633 New Warrants, over New Ordinary Shares at an exercise price of £0.075 as follows:

The New Warrants are exercisable at any time up to the fifth anniversary of Admission, at which time they will lapse.

Further details of the Existing Warrants and the New Warrants are set out in paragraphs 11.1(a), and 11.1(b) and paragraph 15.7 respectively of Part VIII of this document.

At the date of this document, the Company has no Options outstanding.

Following Admission, the Company intends to establish an option scheme to incentivise the directors and employees and to align their interests with the interests of Shareholders. The total number of options which may be granted under the scheme is capped at 10 per cent. of the Company's issued share capital from time to time. Following Admission it is proposed to issue New Options to Directors as follows:

Option holder	*Number of shares*	*Exercise price*	*Expiry*
Erik Henau	1,569,400	£0.075	26 July 2021

In addition, all of the Vendors and employees of Concepta who hold options in respect of Concepta's share capital will be offered New Options over New Ordinary Shares under the Share Option Scheme as set out in paragraph 11.2 of Part VIII of this document and their existing options over shares in Concepta will lapse. Further details of the proposed Share Option Scheme are set out in paragraph 11.2 of Part VIII of this document.

16. DIVIDEND POLICY

The nature of the Enlarged Group's business means that it is unlikely that the Directors will be in a position to recommend a dividend in the early years following Admission. The Directors believe that the Enlarged Group should seek to generate capital growth for its Shareholders but may recommend distributions at some future date, depending upon the generation of sustainable profits, if and when it becomes commercially prudent to do so. There can be no assurance that the Company will declare and pay, or have the ability to declare and pay, any dividends in the future.

17. CORPORATE GOVERNANCE AND INTERNAL CONTROLS

The Directors and Proposed Directors recognise the importance of sound corporate governance and the Enlarged Group will comply with QCA Code, as published by the Quoted Companies Alliance, to the extent they consider appropriate in light of the Enlarged Group's size, stage of development and resources.

The Enlarged Group will hold board meetings periodically as issues arise which require the attention of the Board. The Board will be responsible for the management of the business of the Enlarged Group, setting the strategic direction of the Enlarged Group and establishing the policies of the Enlarged Group. It will be the Board's responsibility to oversee the financial position of the Enlarged Group and monitor the business and affairs of the Enlarged Group on behalf of the Shareholders, to whom the Directors are accountable. The primary duty of the Board will be to act in the best interests of the Enlarged Group at all times. The Board will also address issues relating to internal control and the Enlarged Group's approach to risk management.

The Enlarged Group has also established a remuneration committee ("the Remuneration Committee"), an audit committee ("the Audit Committee") and a nominations committee ("Nominations Committee") with formally delegated duties and responsibilities.

The Remuneration Committee, which will comprise Neil Herbert as Chairman and Adam Reynolds, will meet not less than twice each year. The committee will be responsible for the review and recommendation of the scale and structure of remuneration for senior management, including any bonus arrangements or the award of share options with due regard to the interests of the Shareholders and the performance of the Enlarged Group.

The Audit Committee, which will comprise Neil Herbert as Chairman, and Adam Reynolds, will meet not less than twice a year. The committee will be responsible for making recommendations to the Board on the appointment of auditors and the audit fee and for ensuring that the financial performance of the Enlarged Group is properly monitored and reported. In addition, the Audit Committee will receive and review reports

from management and the auditors relating to the interim report, the annual report and accounts and the internal control systems of the Enlarged Group.

The Nominations Committee is responsible for identifying and nominating members of the Board, recommending Directors to be appointed to each committee of the Board, and the chair of each such committee. The Nominations Committee will also arrange for evaluation of the Board. The Nominations Committee will initially comprise Adam Reynolds as Chairman and Neil Herbert. The Nominations Committee will meet at least twice a year and otherwise as required.

The Enlarged Group has adopted and will operate a share dealing code governing the share dealings of the directors of the Company and applicable employees with a view to ensuring compliance with the AIM Rules and the Market Abuse Regulations.

18. TAXATION

General information regarding UK taxation is set out in paragraph 21 of Part VIII of this document. These details are intended only as a general guide to the current tax position under UK taxation law. If an investor is in any doubt as to his tax position he should consult his own independent financial adviser immediately.

Investors subject to tax in other jurisdictions are strongly urged to contact their tax advisers about the tax consequences of holding Ordinary Shares.

19. CREST

CREST is a paperless settlement system enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by written instrument in accordance with the CREST Regulations.

The New Ordinary Shares will be eligible for CREST settlement. Accordingly, following Admission, settlement of transactions in the New Ordinary Shares may take place within the CREST system if a Shareholder so wishes. CREST is a voluntary system and Shareholders who wish to receive and retain share certificates are able to do so.

For more information concerning CREST, Shareholders should contact their stockbroker or Euroclear UK & Ireland Limited at 33 Cannon Street, London EC4M 5SB or by telephone on +44 (0) 20 7849 0000.

20. DEFERRED SHARES

The Company has two classes of Deferred Shares – the Deferred Shares and the A Deferred Shares which arose from previous share capital reorganisations. These shares are effectively worthless, and the Company has the right to acquire the entire issued share capital of both of these classes of share for £1 in aggregate. The Company intends to acquire these Deferred Shares and the A Deferred Shares following publication of the Admission Document, such that at the time of Admission the New Ordinary Shares will constitute the only issued share capital of the Company.

21. BRIBERY ACT 2010

The government of the United Kingdom has issued guidelines setting out appropriate procedures for companies to follow to ensure that they are compliant with the UK Bribery Act 2010 which came into force with effect from 1 July 2011. The Company has conducted a risk review into its operational procedures to consider the impact of the Bribery Act 2010 and has drafted and implemented an anti-bribery policy as adopted by the Board and also implemented appropriate procedures to ensure that the Directors, employees and consultants comply with the terms of the legislation.

22. RISK FACTORS

Shareholders and other prospective investors in the Company should be aware that an investment in the Company involves a high degree of risk. Your attention is drawn to the risk factors set out in Part III of this document.

23. FURTHER INFORMATION

Shareholders should read the whole of this document, which provides additional information on the Company, Concepta and the Proposals, and should not rely on summaries of, or individual parts only of, this document. Your attention is drawn, in particular, to Parts II to VIII of this document.

24. GENERAL MEETING

You will find set out at the end of this document a notice convening the General Meeting of the Company to be held at 11.00 a.m. on 25 July 2016 at Finsgate, 5-7 Cranwood Street, London EC1V 9EE, at which the following Resolutions will be proposed:

Resolution 1: an ordinary resolution to approve the Whitewash;

Resolution 2: an ordinary resolution (subject to, and conditional upon, the passing of Resolution 1) to approve the Acquisition;

Resolution 3: an ordinary resolution to approve the Share Consolidation;

Resolution 4: an ordinary resolution (subject to, and conditional upon, the passing of Resolutions 1 and 2) to appoint Mr Erik Henau as a director of the Company;

Resolution 5: an ordinary resolution (subject to, and conditional upon, the passing of Resolutions 1 and 2) to appoint Dr Mark Wyatt as a director of the Company;

Resolution 6: an ordinary resolution (subject to, and conditional upon, the passing of Resolutions 1 and 2) to authorise the Directors to allot the Consideration Shares, the Debt Conversion Shares, the Firm Placing Shares, the Subscription Shares, the Offer Shares and New Ordinary Shares up to an aggregate nominal amount of £908,333, and to grant the New Warrants;

Resolution 7: a special resolution (subject to, and conditional upon, the passing of Resolutions 1, 2 and 6) to dis-apply statutory pre-emption provisions to enable the Directors in certain circumstances to allot New Ordinary Shares for cash other than on a pre-emptive basis but limited to the allotment of the Firm Placing Shares, Debt Conversion Shares, the Subscription Shares, the Offer Shares and New Ordinary Shares up to an aggregate nominal amount of £272,500;

Resolution 8: a special resolution to approve the Change of Name.

25. ACTION TO BE TAKEN

A Form of Proxy is enclosed for use by Shareholders at the General Meeting. Whether or not Shareholders intend to be present at the General Meeting, they are asked to complete, sign and return the Proxy Form by post or by hand to the Company's Registrars, Neville Registrars Limited, Neville House, 18 Laurel Lane, Halesowen, B63 3DA, as soon as possible but in any event so as to arrive no later than 48 hours before the General Meeting. The completion and return of a Form of Proxy will not preclude a Shareholder from attending the General Meeting and voting in person should he or she wish to do so.

26. RECOMMENDATION

As I am deemed to be a member of the Concert Party I am not permitted to participate in the Board's consideration of the Whitewash Resolution (Resolution 1), nor may I vote my shares on this Resolution.

Additionally, as Barbara Spurrier is to be granted warrants conditional upon Admission (as set out in paragraph 15 above) she is not permitted to participate in the Board's consideration of the Whitewash Resolution (Resolution 1), nor may she vote her shares on this Resolution.

For the same reason, neither Barbara Spurrier nor I are permitted to participate in the Board's consideration of Resolution 6, under which the New Warrants are granted, nor may either of us vote our shares on Resolution 6.

Neil Herbert, as the Independent Director, who has been so advised by SPARK Advisory Partners, believes that the Proposals are fair and reasonable and in the best interests of the Independent Shareholders. In providing advice to the Independent Director, SPARK Advisory Partners has taken into account the Independent Director's commercial assessments.

Neil Herbert, as the Independent Director, recommends that Independent Shareholders vote in favour of the Whitewash Resolution and Resolution 6 as he intends to do in respect of his own shareholding of 358,007,904 Existing Ordinary Shares, representing approximately 7.19 per cent. of the Existing Ordinary Share Capital entitled to vote on these Resolutions.

The Board is of the opinion that Resolutions 2 to 5 (inclusive), and 7 to 8 are in the best interests of the Company and its Shareholders as a whole. Accordingly, the Existing Directors unanimously recommend that Shareholders vote in favour of each of Resolutions 2 to 5 (inclusive), and 7 to 8, as the Existing Directors intend to do in respect of their own beneficial shareholdings, which amount in aggregate to 537,097,355 Existing Ordinary Shares, representing approximately 10.41 per cent. of the Existing Ordinary Share Capital.

Yours faithfully

Adam Reynolds
Chairman

PART II

TERMS AND CONDITIONS OF THE OPEN OFFER

1. Introduction

As explained in Part I (Letter from the Chairman) of this document, the Company is proposing the Offer to raise £1.03 million (before expenses) through the issue of 13,759,618 New Ordinary Shares at an Issue Price of £0.075 per New Ordinary Share. The Issue Price represents an effective 48 per cent. discount to the closing mid-market share price of the Existing Ordinary Shares of 0.0575 pence (equivalent to £0.14375 per New Ordinary Share post the Share Consolidation) as at 6 July 2016, the last date before the publication of this document. Upon completion of the Offer, and assuming the Offer is fully subscribed, the Offer Shares will represent approximately 12.6 per cent. of the Company's Enlarged Share Capital.

The Open Offer provides an opportunity for Qualifying Shareholders to apply for, in aggregate, up to 13,759,618 Offer Shares *pro rata* to their current holdings and, pursuant to the Excess Application Facility, to apply for Excess Shares, in each case at the Issue Price in accordance with the terms of the Open Offer set out in this Part II.

The Offer Shares will, when issued and fully paid, rank equally in all respects with the Existing Ordinary Shares (as adjusted for the Share Consolidation), including the right to receive all dividends or other distributions made, paid or declared, if any, by reference to a record date after the date of their issue. The Record Date for entitlements under the Open Offer for Qualifying CREST Shareholders and Qualifying Non-CREST Shareholders is the close of business on 6 July 2016. Open Offer Entitlements attach only to Existing Ordinary Shares held by Qualifying Shareholders as at the Record Date and not to New Ordinary Shares. Application Forms are expected to be posted to Qualifying Non-CREST Shareholders on or around 7 July 2016 and Open Offer Entitlements and Excess CREST Open Offer Entitlements are expected to be credited to stock accounts of Qualifying CREST Shareholders in CREST by 8.00 a.m. on 8 July 2016. The latest time and date for receipt of completed Application Forms and payment in full under the Open Offer and settlement of relevant CREST instructions (as appropriate) is expected to be 11.00 a.m. on 22 July 2016 with Admission and commencement of dealings in the New Ordinary Shares expected to take place at 8.00 a.m. on 26 July 2016. The Firm Placing, Conditional Placing and Open Offer are inter-conditional and conditional on Shareholder approval, which will be sought at the General Meeting, and Admission taking effect in respect of the New Ordinary Shares. This document and, for Qualifying Non-CREST Shareholders only, the Application Form contains the formal terms and conditions of the Open Offer. Your attention is drawn to paragraph 2(2) of this Part II (Terms and Conditions of the Open Offer), which gives details of the procedure for application and payment for the Offer Shares including any Excess Shares applied for pursuant to the Excess Application Facility.

Any Qualifying Shareholder who has sold or transferred all or part of their registered holding(s) of Existing Ordinary Shares prior to the close of business on 6 July 2016 is advised to consult their stockbroker, bank or other agent through or to whom the sale or transfer was effected as soon as possible since the invitation to apply for Offer Shares under the Open Offer may be a benefit which may be claimed from them by the purchasers under the rules of the London Stock Exchange.

2. The Open Offer

Subject to the terms and conditions set out below (and, in the case of Qualifying Non-CREST Shareholders, in the Application Form), Qualifying Shareholders (other than Excluded Shareholders) are being given the opportunity to apply for any number of Offer Shares at the Issue Price (payable in full on application and free of all expenses) up to a maximum of their *pro rata* entitlement which shall be calculated on the basis of:

2 New Ordinary Shares for every 750 Existing Ordinary Shares

registered in the name of each Qualifying Shareholder on the Record Date and so in proportion for any other number of Existing Ordinary Shares then registered.

The Offer Shares purchased will rank pari passu in all respects with the Existing Ordinary Shares (once adjusted to take account of the proposed Share Consolidation. The Offer Shares are not being made available in whole or in part to the public except under the terms of the Open Offer. Entitlements of Qualifying Shareholders will be rounded down to the nearest whole number of Offer Shares and any fractional entitlements to Offer Shares that would otherwise have arisen will be aggregated and available under the Excess Application Facility. Qualifying Shareholders may apply to subscribe for less than their Open Offer Entitlement should they so wish. Qualifying Shareholders are also being given the opportunity, provided they take up their Open Offer Entitlement in full, to apply for Excess Shares through the Excess Application Facility.

If applications under the Excess Application Facility are received for more than the total number of Offer Shares available following take up of Open Offer Entitlements, such applications will be scaled back pro rata to the number of Excess Shares applied for by Qualifying Shareholders under the Excess Application Facility. Please refer to paragraphs 2.1(d) and 2.2 (g) of this Part II (Terms and Conditions of the Open Offer) for further details of the Excess Application Facility.

Valid applications by Qualifying Shareholders will be satisfied in full up to the maximum amount of their individual Open Offer Entitlement (excluding any Excess Shares applied for through the Excess Application Facility). Holdings of Existing Ordinary Shares in certificated and uncertificated form will be treated as separate holdings for the purpose of calculating entitlements under the Open Offer, as will holdings under different designations and in different accounts.

If you are a Qualifying Non-CREST Shareholder, the Application Form shows the number of Existing Ordinary Shares registered in your name on the Record Date (in Box 3) and also shows the maximum number of Offer Shares for which you are entitled to apply if you apply for your Open Offer Entitlement in full (in Box 4). Qualifying CREST Shareholders will have Open Offer Entitlements and Excess CREST Open Offer Entitlements credited to their stock accounts in CREST and should refer to paragraph 2.1(c) of this Part II (Terms and Conditions of the Open Offer) and also to the CREST Manual for further information on the relevant CREST procedures. Qualifying Shareholders (other than Excluded Shareholders) may apply for any number of Offer Shares up to the maximum to which they are entitled under the Open Offer, and also under the Excess Application Facility.

Any Qualifying Shareholder who validly completes and returns an Application Form or requests registration of the Offer Shares comprised therein, or who is a CREST member or CREST sponsored member who makes or is treated as making a valid acceptance in accordance with the procedures set out in this Part II (Terms and Conditions of the Open Offer) will be deemed to make the representations and warranties to the Company and SPARK Advisory Partners contained in paragraph 2.1 (e) of this Part II (Terms and Conditions of the Open Offer) of this document.

The attention of Overseas Shareholders or any person (including, without limitation, a custodian, nominee or trustee) who has a contractual or other legal obligation to forward this document into a jurisdiction other than the United Kingdom is drawn to paragraph 5 of this Part II (Terms and Conditions of the Open Offer). The Offer will not be made into certain territories. Subject to the provisions of paragraph 5, Shareholders with a registered address in the United States or another Excluded Territory are not being sent this document and will not be sent an Application Form.

Qualifying Shareholders should be aware that the Open Offer is not a rights issue. Accordingly, Qualifying Non-CREST Shareholders should note that their Application Forms are not negotiable documents and cannot be traded. Qualifying Non-CREST Shareholders should note that applications in respect of Open Offer Entitlements (or Excess Shares) may only be made by the Qualifying Non-CREST Shareholder originally entitled, or by a person entitled by virtue of a *bona fide* market claim in accordance with paragraph 2.1(b) of Part II of this Document.

A Qualifying Shareholder that does not take up any Offer Shares under the Open Offer will experience a more substantial dilution of 69 per cent. as result of the Open Offer and the Placings. Qualifying CREST Shareholders should note that, although the Open Offer Entitlements and Excess CREST Open Offer Entitlements will be credited to CREST and be enabled for settlement, applications in respect of the Open

Offer may only be made by the Qualifying Shareholder originally entitled or by a person entitled by virtue of a bona fide market claim in accordance with paragraph 2.2(b) of Part II of this Document raised by Euroclear's Claims Processing Unit. Offer Shares not applied for under the Open Offer will not be sold in the market for the benefit of those who do not apply under the Open Offer and Qualifying Shareholders who are not eligible to or do not apply to take up Offer Shares will have no rights under the Open Offer nor receive any proceeds from it.

Application will be made for the Open Offer Entitlements and the Excess CREST Open Offer Entitlements to be credited to Qualifying CREST Shareholders' CREST accounts. The Open Offer Entitlements and the Excess CREST Open Offer Entitlements are expected to be credited to CREST accounts by 8.00 a.m. on 8 July 2016. The Existing Ordinary Shares are already admitted to CREST. Accordingly, no further application for admission to CREST is required for the New Ordinary Shares.

A Qualifying Shareholder that takes up their Open Offer Entitlement in full (excluding any Excess Shares taken up through the Excess Application Facility) will be diluted by 48 per cent. as a result of the Proposals.

The Existing Ordinary Shares are in registered form, are admitted to trading on AIM (albeit currently suspended) and are not traded on any other exchange. Offer Shares will also be in registered form, will be issued credited as fully paid and will rank *pari passu* in all respects with the issued Existing Ordinary Shares. Offer Shares will be issued only pursuant to the Open Offer and, subject as set out in this Part II, will not otherwise be marketed or made available in whole or in part to the public.

Offer Shares are not being made available except under the terms of the Open Offer in accordance with regulation 43 of the Financial Services and Market Act 2000 (Financial Promotions) Order 2005 and within the financial limit provided for in paragraph 9 of Schedule 11A of FSMA.

Overseas Shareholders are referred to the section entitled "Overseas Shareholders'' set out in paragraph 5 of Part II of this Document.

2. Procedure for application and payment

The action to be taken by Qualifying Shareholders in respect of the Open Offer depends on whether, at the relevant time, a Qualifying Shareholder has an Application Form in respect of his Open Offer Entitlement or a Qualifying Shareholder has Open Offer Entitlements credited to his CREST stock account.

It will be possible to deposit Open Offer Entitlements into, and withdraw them from, CREST. Further information on deposit and withdrawal from CREST is set out in paragraph 2.2(e) of Part II of this Document. CREST sponsored members should refer to their CREST sponsor, as only their CREST sponsor will be able to take the necessary action specified below to apply under the Open Offer in respect of the Open Offer Entitlements of such members held in CREST. CREST members who wish to apply under the Open Offer in respect of their Open Offer Entitlements in CREST should refer to the CREST Manual for further information on the CREST procedures referred to below.

Qualifying Shareholders who do not want to take up or apply for Offer Shares under the Open Offer should take no action and (if a Qualifying non-CREST Shareholder) should not complete or return the Application Form. Qualifying Shareholders, however, are encouraged to vote at the General Meeting by attending in person or by completing and returning the Form of Proxy.

2.1 ***If you receive an Application Form in respect of your entitlement under the Open Offer***

(a) *General*

Subject as provided in paragraph 5 of Part II of this Document in relation to Overseas Shareholders, Application Forms are being sent to Qualifying non-CREST Shareholders with this document. The Application Form will show the number of Existing Ordinary Shares registered in their name as of the Record Date in Box 3. It will also show the maximum number of Offer Shares for which they are entitled to apply under their Open Offer Entitlement in Box 4. Qualifying Non-CREST Shareholders may apply for less than their maximum Open Offer Entitlement should they wish to do so. Qualifying Non-CREST Shareholders may,

subject to paragraph 5 of Part II of this Admission Document, also hold such an Application Form by virtue of a *bona fide* market claim.

The instructions and other terms set out in the Application Form form part of the terms of the Open Offer to Qualifying non-CREST Shareholders.

(b) *Bona fide Market Claims*

Applications to acquire Offer Shares may only be made on the Application Form and may only be made by the Qualifying non-CREST Shareholder named in it or by a person entitled by virtue of a *bona fide* market claim in relation to a market purchase of Existing Ordinary Shares through the market prior to the date upon which the Existing Ordinary Shares were marked "ex'' for the purposes of entitlement to participate in the Open Offer. The Application Form is not a negotiable document or document of title and cannot be separately traded. A Qualifying non-CREST Shareholder who has sold or otherwise transferred all or part of his holding of Existing Ordinary Shares prior to the date upon which the Existing Ordinary Shares were marked "ex'' for the purposes of entitlement to participate in the Open Offer, should consult his broker or other professional adviser as soon as possible, as the invitation to acquire Offer Shares under the Open Offer may be a benefit which may be claimed by the transferee.

Qualifying Non-CREST Shareholders who have sold all of their Existing Ordinary Shares should, if the market claim is to be settled outside CREST, complete Box 10 on the Application Form and immediately send the Application Form, together with this Admission Document, at once to the purchaser or transferee or to the stockbroker, bank or other agent through whom the sale or transfer was effected for delivery to the purchaser or transferee. The Application Form should not, however, subject to certain exceptions, be forwarded to or transmitted in or into any Restricted Jurisdiction or otherwise in breach of paragraph 5 of Part II of this Admission Document. Box 11 of the Application Form must be completed and signed by the person(s) to whom the Existing Ordinary Shares the subject of such bona fide market claim have been sold or otherwise transferred if he or she or it wishes to apply using such Application Form for Offer Shares.

Qualifying Non-CREST Shareholders who have sold, before the date upon which the Existing Ordinary Shares were so marked "ex'', part only of their registered holding of Existing Ordinary Shares, should complete Box 10 on the Application Form and immediately send the Application Form to Neville Registrars Limited, Neville House, 18 Laurel Lane, Halesowen, B63 3DA accompanied by a letter stating the number of pro rata entitlements of Offer Shares to be included in each split Application Form. The number of *pro rata* Open Offer Entitlements to apply to each split Application Form must be stated and the aggregate must not exceed the number shown in Box 4 of the Application Form. Box 10 of the Application Form on each split Application Form will be marked "Declaration of Sale duly made''. The latest time and date for splitting is 3.00pm on 20 July 2016.

If the market claim is to be settled outside CREST, the beneficiary of the claim should follow the procedures set out in the Application Form. If the market claim is to be settled in CREST, the beneficiary of the claim should follow the procedures set out in paragraph 2.2 below.

(c) *Application procedures*

Qualifying Non-CREST Shareholders wishing to apply to acquire all or any of the Offer Shares to which they are entitled should complete the Application Form in accordance with the instructions printed on it. Completed Application Forms should be sent by post or delivered by hand (during normal business hours only) to Neville Registrars Limited, Neville House, 18 Laurel Lane, Halesowen, B63 3DA, with a cheque drawn in Sterling on a bank or building society in the UK which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which has arranged for its cheques to be cleared through the facilities provided for members of any of those companies. Cheques should

be drawn on the personal account to which the Shareholder has sole or joint title. Third party cheques will not be accepted with the exception of building society cheques where the bank or building society has endorsed the back of the cheque by adding the Shareholder's details and the branch stamp. Such cheques must bear the appropriate sort code in the top right-hand corner and must be for the full amount payable on application. Applications must be received by the Registrars (at the address detailed above) no later than 11.00 a.m. on 22 July 2016, after which time Application Forms will not be valid. Once submitted, applications are irrevocable. If an Application Form is being sent by post in the UK, Qualifying Shareholders are recommended to allow at least four working days for delivery. Cheques should be made payable to "Neville Registrars Limited Re: Clients Account'' and crossed "A/C Payee Only''. It is a condition of application that cheques will be honoured on first presentation and Frontier may in its absolute discretion elect not to treat as valid any application in respect of which a cheque is not so honoured. Frontier may, in its sole discretion but shall not be obliged to, treat an Application Form as valid and binding on the person by whom or on whose behalf it is lodged, even if not completed in accordance with the relevant instructions or not accompanied by a valid power of attorney where required, or if it otherwise does not strictly comply with the terms and conditions of the Open Offer. Frontier further reserves the right (but shall not be obliged) to accept either Application Forms received after 11.00 a.m. on 22 July 2016 with the envelope bearing a legible postmark not later than 11.00 a.m. on 22 July 2016 or applications in respect of which remittances are received before 11.00 a.m. on 22 July 2016 from authorised persons (as defined in FSMA) specifying the Offer Shares applied for and undertaking to lodge the Application Form in due course but, in any event, within two Business Days. Multiple applications will not be accepted.

Cheques are liable to be presented for payment upon receipt. If they are presented before the conditions of the Open Offer are fulfilled, the application monies will be kept in a separate bank account until the conditions are fully met. If the condition of the Open Offer is not fulfilled on or before 8.00 a.m. on 26 July 2016, or such later date as the Company may determine (being no later than 8.00 a.m. on 31 August 2016), the Open Offer will lapse, all applications to subscribe new Ordinary Shares pursuant to the Open Offer shall be void and of no effect and all application monies will be returned (at the applicant's risk) without interest by cheques or CREST payment as soon as is practicable after that date. Interest earned on monies held will be retained for the benefit of the Company. The Company shall have no other liability or obligation to any person applying for New Ordinary Shares under the Open Offer in the event that the Open Offer so lapses.

Cheques, which must be drawn on the personal account where the Qualifying Shareholder has sole or joint title to the funds, should be made payable to "Neville Registrars Limited Re: Clients Account''. Third party cheques, other than building society cheques s, where the building society or bank has confirmed that you have title to the underlying funds by detailing the account name on the back of the cheque and adding the bank stamp, will not be accepted. Post-dated cheques will not be accepted.

(d) *The Excess Application Facility*

Provided such Qualifying Non-CREST Shareholder chooses to take up their Open Offer Entitlement in full, the Excess Application Facility enables a Qualifying Non-CREST Shareholder to apply for Excess Shares. If applications under the Excess Application Facility are received for more than the total number of Offer Shares available following take up of Open Offer Entitlements, such applications will be scaled back pro rata to the number of Excess Shares applied for by Qualifying Shareholders under the Excess Application Facility. Qualifying Non-CREST Shareholders who wish to apply for Offer Shares in excess of their Open Offer Entitlement must complete the Application Form in accordance with the instructions set out on the Application Form. Should the Open Offer become unconditional and applications for Offer Shares exceed 13,759,618 Offer Shares, resulting in a scale back of applications, each Qualifying Non-CREST Shareholder who has made a valid application for

Excess Shares under the Excess Application Facility, and from whom payment in full for Excess Shares has been received, will receive a pounds sterling amount equal to the number of Offer Shares applied and paid for, but not allocated to, the relevant Qualifying Non-CREST Shareholder, multiplied by the Issue Price. Monies will be returned as soon as reasonably practicable thereafter, without payment of interest and at the applicant's sole risk.

(e) *Effect of application*

All documents and remittances sent by post by or to an applicant (or as the applicant may direct) will be sent at the applicant's own risk. By completing and delivering an Application Form the applicant:

(i) requests that the Offer Shares for which he has applied be issued to him on the terms set out in this Document and subject to the articles of association of Frontier;

(ii) agrees with the Company and SPARK that all applications under the Open Offer and contracts resulting therefrom, shall be governed by, and construed in accordance with, the laws of England;

(iii) confirms with the Company and SPARK that, in making the application, the applicant is not relying on any information or representation other than that contained in this Admission Document, and the applicant accordingly agrees that no person responsible solely or jointly for this Admission Document or any part thereof or involved in the preparation thereof shall have any liability for any such information or representation not so contained;

(iv) represents and warrants that, if the applicant received some or all of their Open Offer Entitlements from a person other than Frontier, the applicant is entitled to apply under the Open Offer in relation to such Open Offer Entitlements by virtue of a bona fide market claim;

(v) represents and warrants that he is not a person nor is he applying on behalf of a person who by virtue of being resident in or a citizen of any country outside the United Kingdom is prevented by the law of any relevant jurisdiction from lawfully applying for Offer Shares;

(vi) represents and warrants that: (a) it is not in the United States, any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares or to use the Application Form in any manner in which it has used or will use it; (b) it is not acting for the account or benefit of a person located within the United States, or any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares and was not acting for the account or benefit of such a person at the time the instruction to apply for Offer Shares was given; and (c) it is not acquiring Offer Shares with a view to the offer, sale, resale, delivery or transfer, directly or indirectly, of any such Offer Shares into the United States, or any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares, in each case except where proof satisfactory to the Company has been provided that such applicant is entitled to take up its entitlement without any breach of applicable law;

(vii) confirms that Offer Shares have not been offered to the applicant by the Company, SPARK or any of their affiliates, by means of any: (a) "directed selling efforts" as defined in Regulation S under the Securities Act; or (b) "general solicitation" or "general advertising" as defined in Regulation D under the Securities Act; and

(viii) represents and warrants that it is not, and nor is it applying as nominee or agent for, a person who is or may be liable to notify and account for tax under the Stamp Duty Reserve Tax Regulations 1986 at any of the increased rates referred to in Section 93 (depositary receipts) or Section 96 (clearance services) of the Finance Act 1986.

Further representations and warranties are contained in the Application Form.

Should you need advice with regard to these procedures, please contact Neville Registrars Limited in working hours (9.00 a.m. to 5.00 p.m.) on weekdays 0121 585 1131 or if calling from outside the UK on +44 121 585 1131, where relevant, quoting the entitlement number of your Application Form. Calls to the Registrars' number are charged from landlines within the UK at your service provider's standard network rate. Calls to the Registrars' number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones and calls may be recorded and monitored randomly for security and training purposes. Neville Registrars Limited cannot provide advice on the merits of the Open Offer nor give any financial, legal or tax advice. Qualifying Shareholders who do not wish to apply for Offer Shares under the Open Offer should take no action and should not complete or return the Application Form.

2.2 ***If you have Open Offer Entitlements credited to your stock account***

(a) *General*

Subject as provided in paragraph 5 of Part II of this Admission Document in relation to certain Overseas Shareholders, each Qualifying CREST Shareholder will receive a credit to his stock account in CREST of his Open Offer Entitlements. Any fractional entitlements to Offer Shares will be disregarded in calculating Qualifying Shareholders' Open Offer Entitlements.

The CREST stock account to be credited will be an account under the participant ID and member account ID that apply to the Existing Ordinary Shares held on the Record Date by the Qualifying CREST Shareholder in respect of which the Open Offer Entitlements have been allocated.

If for any reason the Open Offer Entitlements cannot be admitted to CREST, or the stock accounts of Qualifying CREST Shareholders cannot be credited, on 8 July 2016, or such later time and/or date as the Company may decide, an Application Form will be sent to each Qualifying CREST Shareholder in substitution for the Open Offer Entitlements which should have been credited to his stock account in CREST. In these circumstances, the expected timetable as set out in this Admission Document will be adjusted as appropriate and the provisions of this Admission Document applicable to Qualifying Non-CREST Shareholders with Application Forms will apply to Qualifying CREST Shareholders who receive such Application Forms.

CREST members who wish to apply to acquire some or all of their entitlements to Offer Shares should refer to the CREST Manual for further information on the CREST procedures referred to below. If you are a CREST sponsored member you should consult your CREST sponsor if you wish to apply for Offer Shares as only your CREST sponsor will be able to take the necessary action to make this application in CREST.

(b) *Market claims*

Open Offer Entitlements will constitute securities for the purposes of CREST and will have the ISIN number stated at paragraph 2.2(d)(ii) of Part II of this Admission Document. Although Open Offer Entitlements will be admitted to CREST and be enabled for settlement, applications in respect of Open Offer Entitlements may only be made by the Qualifying Shareholder originally entitled or by a person entitled by virtue of a *bona fide* market claim transaction. Transactions identified by the CREST Claims Processing Unit as "cum'' the Open Offer Entitlement will generate an appropriate market claim transaction and the relevant Open Offer Entitlement(s) will thereafter be transferred accordingly.

(c) *Unmatched Stock Events ("USE") instructions*

Qualifying CREST Shareholders who are CREST members and who want to apply for Offer Shares in respect of all or some of their Open Offer Entitlements in CREST must send (or, if

they are CREST sponsored members, procure that their CREST sponsor sends) a USE instruction to Euroclear which, on its settlement, will have the following effect:

(i) the crediting of a stock account of the Registrar under the participant ID and member account ID specified below, with a number of Open Offer Entitlements corresponding to the number of Offer Shares applied for; and

(ii) the creation of a CREST payment, in accordance with the CREST payment arrangements, in favour of the payment bank of the Registrar in respect of the amount specified in the USE instruction which must be the full amount payable on application for the number of Offer Shares referred to in paragraph 2.2(c)(i) above.

(d) *Content of USE instruction*

The USE instruction must be properly authenticated in accordance with Euroclear's specifications and must contain, in addition to the other information that is required for settlement in CREST, the following details:

(i) the number of Offer Shares for which application is being made (and hence the number of the Open Offer Entitlement(s) being delivered to Neville Registrars Limited:

(ii) the ISIN of the Open Offer Entitlements. This is GB00BYQNJD60 in respect of the Open Offer Entitlement and GB00BYQNJF84 in respect of the Excess Shares;

(iii) the participant ID of the accepting CREST member;

(iv) the member account ID of the accepting CREST member from which the Open Offer Entitlements are to be debited;

(v) the participant ID of Neville Registrars Limited in its capacity as a CREST receiving agent. This is 7RA11;

(vi) the member account ID of Neville Registrars Limited in its capacity as a CREST receiving agent. This is FRONTIER;

(vii) the amount payable by means of a CREST payment on settlement of the USE instruction. This must be the full amount payable on application for the number of Offer Shares referred to in (i) above:

(viii) the intended settlement date. This must be on or before 11.00 a.m. on 22 July 2016; and

(ix) the Corporate Action Number for the Open Offer. This will be available by viewing the relevant corporate action details in CREST.

In order for an application under the Open Offer to be valid, the USE instruction must comply with the requirements as to authentication and contents set out above and must settle on or before 11.00 a.m. on 22 July 2016.

In order to assist prompt settlement of the USE instruction, CREST members (or their sponsors, where applicable) may consider adding the following non-mandatory fields to the USE instruction:

(i) a contact name and telephone number (in the free format shared note field); and

(ii) a priority of at least 80.

CREST members and, in the case of CREST sponsored members, their CREST sponsors, should note that the last time at which a USE instruction may settle on 22 July 2016 in order to be valid is 11:00 a.m. on that day.

If the condition of the Open Offer is not fulfilled on or before 8.00 a.m. on 26 July 2016 or such later time and date as the Company may determine (being no later than 8.00 a.m. on 31 August 2016), the Open Offer will lapse, the Open Offer Entitlements admitted to CREST will be disabled and Neville Registrars Limited will refund the amount paid by a Qualifying CREST Shareholder by way of a CREST payment, without interest, as soon as practicable thereafter. The interest earned on such monies will be retained for the benefit of the Company.

(e) *Deposit of Open Offer Entitlements into, and withdrawal from, CREST*

A Qualifying Non-CREST Shareholder's entitlement under the Open Offer as shown by the number of Open Offer Entitlements set out in his Application Form may be deposited into CREST (either into the account of the Qualifying Shareholder named in the Application Form or into the file name of a person entitled by virtue of a bona fide market claim) provided that such Qualifying Non-CREST Shareholder is also a CREST member. Similarly, Open Offer Entitlements held in CREST may be withdrawn from CREST so that the Open Offer Entitlements are reflected in an Application Form. Normal CREST procedures (including timings) apply in relation to any such deposit or withdrawal, subject (in the case of a deposit into CREST) as set out in the Application Form.

A holder of an Application Form who is proposing to deposit the entitlement set out in such form into CREST is recommended to ensure that the deposit procedures are implemented in sufficient time to enable the person holding or acquiring the Open Offer Entitlements following their deposit into CREST to take all necessary steps in connection with taking up the entitlement prior to 11.00 a.m. on 22 July 2016.

In particular, having regard to normal processing times in CREST and on the part of Neville Registrars Limited, the recommended latest time for depositing an Application Form with the CREST Courier and Sorting Service, where the person entitled wishes to hold the entitlement under the Open Offer set out in such Application Form as Open Offer Entitlements in CREST, is 3.00 p.m. on 19 July 2016, and the recommended latest time for receipt by Euroclear of a dematerialised instruction requesting withdrawal of Open Offer Entitlements from CREST is 4.30 p.m. on 18 July 2016, in either case so as to enable the person acquiring or (as appropriate) holding the Open Offer Entitlements following the deposit or withdrawal (whether as shown in an Application Form or held in CREST) to take all necessary steps in connection with applying in respect of the Open Offer Entitlements prior to 11.00 a.m. on 22 July 2016.

Delivery of an Application Form with the CREST deposit form duly completed whether in respect of a deposit into the account of the Qualifying Shareholder named in the Application Form or into the name of another person, shall constitute a representation and warranty to Frontier and Neville Registrars Limited by the relevant CREST member(s) that it/they is/are not in breach of the provisions of the notes under the paragraph headed "Instructions for depositing entitlements under the Open Offer into CREST'' in the Application Form, and a declaration to Frontier and Neville Registrars Limited from the relevant CREST to member(s) that it/they is/are not citizen(s) or resident(s) of any Restricted Jurisdiction and, where such deposit is made by a beneficiary of a market claim, a representation and warranty that the relevant CREST member(s) is/are entitled to apply under the Open Offer by virtue of a *bona fide* market claim.

(f) *Bona fide market claims*

Each of the Open Offer Entitlements and the Excess CREST Open Offer Entitlements will constitute a separate security for the purposes of CREST. Although Open Offer Entitlements and Excess CREST Open Offer Entitlements will be admitted to CREST and be enabled for settlement, applications in respect of Open Offer Entitlements and Excess CREST Open Offer Entitlements may only be made by the Qualifying Shareholder originally entitled or by a person entitled by virtue of a *bona fide* market claim transaction. Transactions identified by the CREST Claims Processing Unit as "cum" the Open Offer Entitlement and the Excess CREST Open Offer Entitlement will generate an appropriate market claim transaction and the relevant

Open Offer Entitlement(s) and Excess CREST Open Offer Entitlement(s) will thereafter be transferred accordingly.

(g) *Excess Application Facility*

The Excess Application Facility enables Qualifying CREST Shareholders to apply for Offer Shares in excess of their Open Offer Entitlement. If applications under the Excess Application Facility are received for more than the total number of Offer Shares available following take up of Open Offer Entitlements, such applications will be scaled back pro rata to the number of Excess Shares applied for by Qualifying Shareholders under the Excess Application Facility. An Excess CREST Open Offer Entitlement may not be sold or otherwise transferred. Subject as provided in paragraph 5 of this Part II in relation to certain Overseas Shareholders, the CREST accounts of Qualifying CREST Shareholders will be credited with an Excess CREST Open Offer Entitlement in order for any applications for Excess Shares to be settled through CREST. The credit of such Excess CREST Open Offer Entitlement does not in any way give Qualifying CREST Shareholders a right to the Offer Shares attributable to the Excess CREST Open Offer Entitlement as an Excess CREST Open Offer Entitlement is subject to scaling back in accordance with the terms of this document. To apply for Excess Shares pursuant to the Open Offer, Qualifying CREST Shareholders should follow the instructions above and must not return a paper form and cheque. Should a transaction be identified by the CREST Claims Processing Unit as "cum" the Open Offer Entitlement and the relevant Open Offer Entitlement(s) be transferred, the Excess CREST Open Offer Entitlement(s) will not transfer with the Open Offer Entitlement(s) claim, but will be transferred as a separate claim. Should a Qualifying CREST Shareholder cease to hold all of their Existing Ordinary Shares as a result of one or more bona fide market claims, the Excess CREST Open Offer Entitlement credited to CREST, and allocated to the relevant Qualifying Shareholder, will be transferred to the purchaser. Please note that an additional USE Instruction must be sent in respect of any application under the Excess CREST Open Offer Entitlement. Should the Open Offer become unconditional and applications for Offer Shares by Qualifying Shareholders under the Open Offer exceed 13,759,618 Offer Shares, resulting in a scale back of applications under the Excess Application Facility, each Qualifying CREST Shareholder who has made a valid application for Excess Shares under the Excess Application Facility, and from whom payment in full for the Excess Shares has been received, will receive a pounds sterling amount equal to the number of Offer Shares validly applied and paid for but which are not allocated to the relevant Qualifying CREST Shareholder multiplied by the Issue Price. Monies will be returned as soon as reasonably practicable thereafter, without payment of interest, and at the applicant's sole risk. Fractions of Offer Shares will not be issued under Excess Application Facility and fractions of Offer Shares will be rounded down to the nearest whole number.

(h) *Validity of application*

A USE instruction complying with the requirements as to authentication and contents set out above which settles by no later than 11.00 a.m. on 22 July 2016 will constitute a valid application under the Open Offer.

(i) *CREST procedures and timings*

CREST members and (where applicable) their CREST sponsors should note that Euroclear does not make available special procedures, in CREST, for any particular corporate action. Normal system timings and limitations will therefore apply in relation to the input of a USE instruction and its settlement in connection with the Open Offer. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST sponsored member, to procure that his CREST sponsor takes) such action as shall be necessary to ensure that a valid application is made as stated above by 11.00 a.m. on 22 July 2016. In this connection, CREST members and (where applicable) their CREST sponsors are referred in particular to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

(j) *Incorrect or incomplete applications*

If a USE instruction includes a CREST payment for an incorrect sum, Frontier, through Neville Registrars Limited, reserves the right:

(i) to reject the application in full and refund the payment to the CREST member in question (without interest);

(ii) in the case that an insufficient sum is paid, to treat the application as a valid application for such lesser whole number of Offer Shares as would be able to be applied for with that payment at the Issue Price (or, if lower, the maximum number of Offer Shares the subject of the relevant Qualifying Shareholder's Open Offer Entitlement), refunding any unutilised sum to the CREST member in question (without interest); and

(iii) in the case that an excess sum is paid, to treat the application as a valid application for all the Offer Shares referred to in the USE instruction (or, if lower, the maximum number of Offer Shares the subject of the relevant Qualifying Shareholder's Open Offer Entitlement), refunding any unutilised sum to the CREST member in question (without interest).

(k) *Effect of valid application*

A CREST member who makes or is treated as making a valid application in accordance with the above procedures will thereby:

(i) pay the amount payable on application in accordance with the above procedures by means of a CREST payment in accordance with the CREST payment arrangements (it being acknowledged that the payment to the bank account of Neville Registrars Limited in accordance with the CREST payment arrangements shall, to the extent of the payment, discharge in full the obligation of the CREST member to pay to Frontier the amount payable on application);

(ii) request that the Offer Shares to which he has applied for be issued to him on the terms set out in this Admission Document and subject to the articles of association of Frontier;

(iii) agree that all applications under the Open Offer and contracts resulting therefrom shall be governed by, and construed in accordance with, the laws of England;

(iv) confirm that, in making the application, the applicant is not relying on any information or representation other than that contained in this Admission Document, and the applicant accordingly agrees that no person responsible solely or jointly for this Admission Document or any part thereof shall have any liability for any such information or representation not so contained;

(v) represent and warrant that he is not a person who by virtue of being resident in or a citizen of any country outside the United Kingdom is prevented by the law of any relevant jurisdiction from lawfully applying for Offer Shares;

(vi) represent and warrant that: (a) it is not in the United States, any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares; (b) it is not acting for the account or benefit of a person located within the United States, any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares and it was not acting for the account or benefit of such a person at the time the instruction to apply for Offer Shares was given; and (c) it is not acquiring Offer Shares with a view to the offer, sale, resale, delivery or transfer, directly or indirectly, of any such Offer Shares into the United States, any other Restricted Jurisdiction or any other territory in which it is unlawful to make or accept an offer to apply for Offer Shares, in each case except where

proof satisfactory to the Company and SPARK has been provided that such applicant is entitled to take up its entitlement without breach of applicable law;

(vii) confirm that Offer Shares have not been offered to it by the Company, SPARK or any of their affiliates by means of any: (a) "directed selling efforts'' as defined in Regulation S under the Securities Act; or (b) "general solicitation'' or "general advertising'' as defined in Regulation D under the Securities Act;

(viii) represent and warrant that it is not and nor is it applying as nominee or agent for, a person who is or may be liable to notify and account for tax under the Stamp Duty Reserve Tax Regulations 1986 at any of the increased rates referred to in Section 93 (depository receipts) or Section 96 (clearance services) of the Finance Act 1986; and

(ix) represent and warrant that he is the Qualifying Shareholder originally entitled to the Open Offer Entitlements or that he has received such Open Offer Entitlements by virtue of a *bona fide* market claim.

(l) *Company's discretion as to the rejection and validity of applications*

Frontier may in its sole discretion:

(i) treat as valid (and binding on the CREST member concerned) an application which does not comply in all respects with the requirements as to validity set out or referred to in Part II of this Admission Document;

(ii) accept an alternative properly authenticated dematerialised instruction from a CREST member or (where applicable) a CREST sponsor as constituting a valid application in substitution for or in addition to a USE instruction and subject to such further terms and conditions as Frontier may determine;

(iii) treat a properly authenticated dematerialised instruction (in this sub-paragraph the "first instruction'') as not constituting a valid application if, at the time at which Neville Registrars Limited receives a properly authenticated dematerialised instruction giving details of the first instruction or thereafter, either Frontier or Neville Registrars Limited have received actual notice from Euroclear of any of the matters specified in Regulation 35(5)(a) of the CREST Regulations in relation to the first instruction. These matters include notice that any information contained in the first instruction was incorrect or notice of lack of authority to send the first instruction; and

(iv) accept an alternative instruction or notification from a CREST member or CREST sponsored member or (where applicable) a CREST sponsor, or extend the time for settlement of a USE instruction or any alternative instruction or notification, in the event that, for reasons or due to circumstances outside the control of any CREST member or CREST sponsored member or (where applicable) CREST sponsor, the CREST member or CREST sponsored member is unable validly to apply for Offer Shares by means of the above procedures. In normal circumstances, this discretion is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or any part of CREST) or on the part of the facilities and/or systems operated by Neville Registrars Limited in connection with CREST.

3. Money laundering regulations

3.1 ***Holders of Application Forms***

It is a term of the Open Offer that, to ensure compliance with the Money Laundering Regulations 2007 (as amended and supplemented), the money laundering provisions of the Criminal Justice Act 1993, Part VIII of FSMA and the Proceeds of Crime Act 2002 (together with other guidance and source books produced in relation to financial sector firms), Neville Registrars Limited may at its absolute discretion require verification of identity from any person lodging an Application Form (in this

paragraph, the "applicant'') including, without limitation, any applicant who (i) tenders payment by way of cheque drawn on an account in the name of a person or persons other than the applicant, or (ii) appears to Neville Registrars Limited to be acting on behalf of some other person. In the former case, verification of the identity of the applicant may be required. In the latter case, verification of the identity of any person on whose behalf the applicant appears to be acting may be required.

The verification of identity requirements will not usually apply:

(i) if the applicant is an organisation required to comply with the Money Laundering Directive (the Council Directive on prevention of the use of the financial system for the purpose of money laundering (no. 91/308/EEC));

(ii) if the applicant is a regulated United Kingdom broker or intermediary acting as agent and is itself subject to the Money Laundering Regulations;

(iii) if the applicant (not being an applicant who delivers his application in person) makes payment by way of a cheque drawn on an account in the applicant's name; or

(iv) if the aggregate subscription price for Offer Shares is less than the Sterling equivalent of €15,000 (approximately £12,500).

In other cases the verification of identity requirements may apply. Satisfaction of these requirements may be facilitated in the following ways:

(a) if payment is made by building society cheque (not being a cheque drawn on an account in the name of the applicant), by the building society or bank endorsing on the cheque the applicant's name and the number of an account held in the applicant's name at such building society or bank, such endorsement being validated by a stamp and an authorised signature;

(b) if the Application Form is lodged with payment by an agent which is an organisation of the kind referred to in (i) above or which is subject to anti-money laundering regulation in a country which is a member of the Financial Action Task Force (the non-European Union members of which are Argentina, Australia, Brazil, Canada, Gibraltar, Hong Kong, Iceland, India, Japan, Mexico, New Zealand, Norway, People's Republic of China, Republic of Korea, Russian Federation, Singapore, South Africa, Switzerland, Turkey and the United States and, by virtue of their membership of the Gulf Co-operation Council, Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, UK Crown Dependencies and the United Arab Emirates), the agent should provide with the Application Form written confirmation that it has that status and that it has obtained and recorded evidence of the identity of the person for whom it acts and that it will on demand make such evidence available to Neville Registrars Limited. If the agent is not such an organisation, it should contact Neville Registrars Limited using the telephone numbers set out in this Admission Document; and

(c) if the Application Form is in respect of Offer Shares with an aggregate subscription price of the Sterling equivalent of €15,000 (currently approximately £12,500) or more and is/are lodged by hand by the applicant in person, he should ensure that he has with him evidence of identity bearing his photograph (for example, his passport) and evidence of his address. Third-party cheques will not be accepted. If you deliver your Application Form personally by hand, you should ensure that you have with you evidence of identity bearing your photograph (for example your passport). If, within a reasonable period of time following a request for verification of identity, and in any case by no later than 11.00 a.m. on 22 July 2016, Neville Registrars Limited have not received evidence satisfactory to them as aforesaid, Neville Registrars Limited may, at their discretion, as the agents of Frontier, reject the relevant application, in which event the monies submitted in respect of that application will be returned without interest to the account at the drawee bank from which such monies were originally debited (without prejudice to the rights of the Company to undertake proceedings to recover monies in respect of the loss suffered by it as a result of the failure to produce satisfactory evidence as aforesaid).

3.2 ***Open Offer Entitlements held in CREST***

If you hold your Open Offer Entitlement in CREST and apply for Offer Shares in respect of all or some of your Open Offer Entitlement as agent for one or more persons and you are not a UK or EU regulated person or institution (e.g. a UK financial institution), then, irrespective of the value of the application, the Registrar is obliged to take reasonable measures to establish the identity of the person or persons on whose behalf you are making the application. You must therefore contact the relevant CREST receiving agent before sending any USE instruction or other instruction so that appropriate measures may be taken.

Submission of a USE instruction which on its settlement constitutes a valid application as described above constitutes a warranty and undertaking by the applicant to provide promptly to the Registrar such information as may be specified by the Registrar as being required for the purposes of the Money Laundering Regulations. Pending the provision of evidence satisfactory to the Registrar as to identity, the Registrar may in its absolute discretion take, or omit to take, such action as it may determine to prevent or delay issue of the Offer Shares concerned. If satisfactory evidence of identity has not been provided within a reasonable time, and in any event prior to 11.00 a.m. on 22 July 2016, then the application for the Offer Shares represented by the USE instruction will not be valid. This is without prejudice to the right of the Company to take proceedings to recover any loss suffered by it as a result of failure to provide satisfactory evidence as to the identity of the person or persons on whose behalf the application is made.

4. No public offering outside the United Kingdom

Frontier has not taken, nor will take, any action in any jurisdiction that would permit a public offering of Ordinary Shares other than in the United Kingdom.

5. Overseas Shareholders

5.1 ***General***

The distribution of this document and making of the Open Offer to Overseas Shareholders may be affected by the laws or regulatory requirements of the relevant jurisdiction. Overseas Shareholders who are in any doubt in this respect should consult their professional advisers. No person receiving a copy of this Admission Document and/or an Application Form and/or receiving a credit of Open Offer Entitlements to a stock account in CREST in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form or credit of Open Offer Entitlements to a stock account in CREST, unless, in the relevant territory, such an invitation or offer could lawfully be made to him or such Application Form or credit of Open Offer Entitlements to a stock account in CREST could lawfully be used without contravention of any legislation or other local regulatory requirements. Unless such offer or invitation could lawfully be made to him, the offer to such shareholder will be made by means of a notice in the London Gazette referred to below. Receipt of this Admission Document and/or an Application Form or the crediting of Open Offer Entitlements to a stock account in CREST does not constitute an invitation or offer to Overseas Shareholders in the territories in which it would be unlawful to make an invitation or offer and in such circumstances are sent for information only. It is the responsibility of any person receiving a copy of this Admission Document and/or an Application Form and/or receiving a credit of Open Offer Entitlements to a stock account in CREST to satisfy himself as to the full observance of the laws and regulatory requirements of the relevant territory in connection with any application for Offer Shares, including obtaining any governmental or other consents which may be required or observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes due in such other territory.

Persons (including, without limitation, stockbrokers, banks and other agents) receiving an Application Form and/or receiving a credit of Open Offer Entitlements to a stock account in CREST should not, in connection with the Open Offer, distribute, communicate or send the Application Form or credit of Open Offer Entitlements in a stock account in CREST into (or to any person subject to the laws of)

any Restricted Jurisdictions or any other jurisdiction where to do so would or might contravene local securities laws or regulations.

If an Application Form or a credit of Open Offer Entitlements to a stock account in CREST is received by any person in any such jurisdiction or by the stockbrokers, banks and other agents or nominees of such person, he or she must not seek to take up the Offer Shares except pursuant to an express written agreement with the Company. Any person who does distribute, communicate or send an Application Form or credit of Open Offer Entitlements in a stock account in CREST into (or to any person subject to the laws of) any jurisdiction outside the UK, whether pursuant to a contractual or legal obligation or otherwise, should draw the attention of the recipient to the contents of this paragraph 5. The Company and SPARK reserve the right to reject an application to subscribe Offer Shares pursuant to any Open Offer Entitlement, submitted by or on behalf of any person, in any such jurisdiction, or by or on behalf of any person who is acquiring Offer Shares for resale in any such jurisdiction.

The Company and SPARK reserve the right in their absolute discretion to treat as invalid any application for Offer Shares under the Open Offer if it appears to the Company and SPARK and their agents that such application or acceptance thereof may involve a breach of the laws or regulations of any jurisdiction or if in respect of such application the Company and SPARK have not been given the relevant warranty concerning overseas jurisdictions set out in the Application Form or in this Admission Document, as appropriate.

In accordance with section 562(3) of the Companies Act 2006, the offer to Qualifying Shareholders who have no registered address within the United Kingdom and who have not given to the Company an address within the United Kingdom for the service of notices will be made by the Company publishing a notice in the London Gazette on, or on the business day following the day of posting of this Admission Document and the Application Forms stating where copies of this Admission Document and Application Forms may be inspected, or obtained on personal application, by or on behalf of such Shareholders.

All payments under the Open Offer must be made in Sterling.

5.2 ***United States***

The New Ordinary Shares have not been and will not be registered under the Securities Act, or under the securities laws of any state or other jurisdiction of the United States and, unless so registered, may not be offered, sold, resold, taken up, delivered or distributed, directly or indirectly, within, into or in the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any applicable securities laws of any state or other jurisdiction of the United States.

Outside the United States, the New Ordinary Shares may not be offered, taken up, delivered or transferred, except in an "offshore transaction" (as defined in Rule 902(h) under the Securities Act) in accordance with Rule 903 or Rule 904 of Regulation S. Inside the United States, the New Ordinary Shares may not be offered, taken up, delivered or transferred except in a private placement transaction not involving any public offering in reliance on the exemption from the registration requirements of Section 5 of the Securities Act provided by Section 4(2) under the Securities Act or another applicable exemption therefrom (a "US Placing"). There will be no public offer in the United States.

This Admission Document does not constitute or form part of any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any securities, or any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, such securities in the United States.

Application Forms are not being sent to, and Open Offer Entitlements are not being credited to a stock account in CREST of, any Shareholder with a registered address in the United States unless such Shareholder satisfies the Company and SPARK that an allotment is permitted under an exception from the securities laws referred to above. Subject to certain exceptions this Admission Document is being sent to such Shareholders for information purposes only and does not constitute an offer or invitation

to apply for Offer Shares. Subject to certain exceptions, any application for Offer Shares will be treated as invalid if it appears to have been executed or effected in, postmarked or otherwise despatched in or from the United States, or if it provides an address in the United States for the registration or issue of Offer Shares in uncertificated form or for the delivery of Offer Shares in certificated form, or if it appears to have been sent by a person who cannot make the representations and warranties set out in the Application Form or in this Admission Document. In addition, until 40 days after the commencement of the Open Offer, an offer, sale or transfer of the Offer Shares within the US by a dealer (whether or not participating in the Open Offer) may violate the registration requirements of the Securities Act.

5.3 ***Other Restricted Jurisdictions***

Due to the restrictions under the securities laws of the Restricted Jurisdictions and subject to certain exemptions, Shareholders who have registered addresses in or who are resident or ordinarily resident in, or citizens of, any Restricted Jurisdiction will not qualify to participate in the Open Offer and will not be sent an Application Form and no Open Offer Entitlements will be credited to their CREST stock accounts.

The Offer Shares have not been and will not be registered under the relevant laws of any Restricted Jurisdiction or any state, province or territory thereof and may not be offered, sold, resold, delivered or distributed, directly or indirectly in or into any Restricted Jurisdiction or to, or for the account or benefit of, any person with a registered address in, or who is resident or ordinarily resident in, or a citizen of, any Restricted Jurisdiction except pursuant to an applicable exemption.

6. Settlement and dealings

The result of the Open Offer is expected to be announced on 25 July 2016. Application will be made to the London Stock Exchange for Offer Shares to be admitted to trading on AIM. It is expected that, subject to the Open Offer becoming unconditional in all respects, Admission of Offer Shares will become effective and that dealings in Offer Shares will commence at 8.00 a.m. on 26 July 2016. Open Offer Entitlements held in CREST are expected to be disabled in all respects after 11.00 a.m. on 22 July 2016 (the latest date for applications under the Open Offer). Subject to the satisfaction of the conditions of the Open Offer, Offer Shares will be issued in uncertificated form to those persons who submitted a valid application for Offer Shares by utilising the CREST application procedures and whose applications have been accepted by Frontier. Neville Registrars Limited will instruct Euroclear to credit the appropriate stock accounts of such persons with such persons' entitlements to Offer Shares with effect from the date of Admission (expected to be 26 July 2016). The stock accounts to be credited will be accounts under the same participant IDs and member account IDs in respect of which the USE instruction was given.

Notwithstanding any other provision of this Admission Document, Frontier reserves the right to send Qualifying CREST Shareholders an Application Form instead of crediting the relevant stock account with Open Offer Entitlements and to allot and/or to issue any Offer Shares in certificated form. In normal circumstances, this right is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or any part of CREST), or on the part of the facilities and/or systems operated by Neville Registrars Limited in connection with CREST. This right may also be exercised if the correct details (such as participant ID and member account ID details) are not provided as requested on the Application Form.

For Qualifying Non-CREST Shareholders who have applied for Offer Shares using an Application Form and whose application has been accepted by Frontier, share certificates for the Offer Shares issued to such Qualifying Shareholders, are expected to be dispatched by post within ten days of Admission of Offer Shares. No temporary documents of title will be issued. Pending despatch of definitive share certificates, transfers of relevant Offer Shares by such Qualifying Shareholders will be certified against the register of members of the Company. All documents or remittances sent by or to an applicant (or his agent as appropriate) through the post are sent at the risk of the applicant.

Qualifying CREST Shareholders should note that they will be sent no confirmation of the credit of Offer Shares to their CREST stock account nor any other written communication by Frontier in respect of the issue of Offer Shares.

PART III

RISK FACTORS

There are significant risks associated with the Enlarged Group. Prior to making an investment decision in respect of the Ordinary Shares, prospective investors should consider carefully all of the information within this document, including the following risk factors. The Board believes the following risks to be the most significant for potential investors. However, the risks listed do not necessarily comprise all of those associated with an investment in the Enlarged Group. In particular, the Enlarged Group's performance may be affected by changes in market or economic conditions and in legal, regulatory and/or tax requirements. The risks listed are not set out in any particular order of priority. Additionally, there may be risks not mentioned in this document of which the Board is not aware or believes to be immaterial but which may, in the future, adversely affect the Enlarged Group's business and the market price of the Ordinary Shares.

If any of the following risks were to materialise, the Enlarged Group's business, financial condition, results or future operations could be materially and adversely affected. In such cases, the market price of the Ordinary Shares could decline and an investor may lose part or all of his investment. Additional risks and uncertainties not presently known to the Board, or which the Board currently deems immaterial, may also have an adverse effect upon the Enlarged Group and the information set out below does not purport to be an exhaustive summary of the risks affecting the Enlarged Group.

Before making a final investment decision, prospective investors should consider carefully whether an investment in the Enlarged Group is suitable for them and, if they are in any doubt should consult with an independent financial adviser authorised under FSMA who specialises in advising on the acquisition of shares and other securities.

RISKS RELATING TO THE ACQUISITION

Conditionality of the Acquisition

Completion of the Acquisition is subject to the satisfaction (or waiver, where applicable) of a number of conditions, including, amongst other things the passing of the Resolutions and Admission.

There is no guarantee that the conditions will be satisfied (or waived, if applicable), in which case the Acquisition will not complete. Additionally, under the AIM Rules for Companies, as a Rule 15 cash shell the Company has until 23 September 2016 to complete a reverse takeover of a suitable business under AIM Rule 14. Failure to do so in this time frame will lead to suspension of the Company's shares from trading on AIM.

Limited recourse under Acquisition Agreement

Under the terms of the Acquisition Agreement, the Company is receiving the customary trading warranties in relation to the business and affairs of Concepta from only some of the Vendors. The consideration under the Acquisition largely comprises the Consideration Shares rather than cash and the Vendors who are the recipients of cash consideration under the Acquisition Agreement have agreed to subscribe such amounts in the Firm Placing, and the Company is not aware of the financial standing of the Vendors. Therefore although David Evans has agreed to underwrite up to £750,000 of any claims under the Acquisition Agreement, the Company may have limited recourse for breaches of warranty, and other breaches of the Acquisition Agreement. In addition, there are customary limitations on the ability of the Company to bring claims for breach of warranty, both as to the time period during which claims may be brought and the quantum that may be recovered.

RISKS RELATING TO THE ENLARGED GROUP AND ITS BUSINESS

Attraction and retention of key management and employees

The successful operation of the Enlarged Group will depend partly upon the performance and expertise of its current and future management and employees. The loss of the services of certain of these members of the Enlarged Group's key management or employees, particularly Erik Henau, Robert Porter and Zhang Zhi Gang or the inability to identify, attract and retain a sufficient number of suitably skilled and qualified employees may have a material adverse effect on the Enlarged Group. Expansion of the Enlarged Group may require considerable management time which may in turn inhibit management's ability to conduct the day to day business of the Company.

Early stage of operations

Concepta is an early stage company, having been founded in 2013, and it has a limited trading history. The timings and quantum of sales is not guaranteed. Consequently, even with significant planning and preparation by Concepta's management the Enlarged Group could fail to prove its value proposition in the market which could affect the planned rate of sales and make profitable growth difficult.

Rate of market adoption and consumer penetration

The Enlarged Group's prospects, inter alia, rest initially upon the rate of consumer penetration for its fertility test. The time and resource required to raise awareness among the target group could be underestimated. The result could affect the predicted rate of sales.

Time to set up manufacturing plant

Concepta currently has capability to manually assemble test strips at its current premises in Colworth. As volumes grow this would create a bottleneck unless capacity is increased. The Enlarged Group is in the process of establishing a manufacturing facility, including an automated Pick & Place line. The time taken to set up the facility including commissioning, installing, and validating the equipment could take longer than planned. Whilst additional manual assembly can be organised, there is a risk of delays in fulfilling orders.

Signing an assembly agreement

The registration of Concepta's products in China has been obtained by SHBL, with whom Concepta has signed a registration agreement, which permits SHBL to utilise the registration solely for the production of Concepta's products, and details of which are set out in paragraph 15.18 of Part VIII of this document. It is intended that post Admission, Concepta will enter into an assembly agreement, which is currently at an advanced stage of negotiation, with SHBL to formalise the terms of assembly. In the event that Concepta is not able to agree suitable terms with SHBL, or if the timing of the signing of the assembly agreement is significantly delayed, or does not occur, this could significantly impact the Enlarged Group's ability to commence sales into the Chinese market, which in turn would have an adverse effect on the Enlarged Group's prospects.

Entry into the Chinese market

Entering the Chinese market involves regulatory and, hence, business risk. Concepta has an agreement with its proposed assembler in China (SHBL) to hold its product registration with the Chinese Food and Drug Administration ("CFDA Agreement") and to use the registration to produce the products exclusively for Concepta. Should the assembler experience a change of control, Concepta will have the right of first refusal to acquire the business that is linked to the product registrations. The enforceability of this depends on a number of conditions which, if not met and making the CFDA Agreement unenforceable in terms of business acquisition, could adversely impact the Enlarged Group's prospects. If Concepta wishes to set up a subsidiary in China for production, in the case of acquiring the business assets of the assembler or otherwise, it would need to obtain various regulatory approvals which can take more than 3 years in both cases and consequently could have an impact on the Company's ability to fulfil its potential. Enforceability of the CFDA Agreement depends on continued positive relations with the Chinese assembler.

Reliance on China

Initial plans show a reliance on China because it is the first market for which product registrations have been received. Local regulations, bureaucracy, logistics and macro-economic trading conditions could all have unanticipated effects on the efficiency of operations.

Time taken to get the CE mark

Whilst Concepta staff have previously been involved in obtaining CE marking for the type of products produced by Concepta, there is no guarantee that there will not be additional requests for information or supporting data that could add to the planned timing for receiving the CE mark. Delays in obtaining the CE Marking approval would adversely affect the timing of Concepta's sales into the UK and EU.

United Kingdom's membership of the European Union

With regard to CE marking certification, it is unlikely that the expected exit of the UK from the European Union will have any significant effect on existing CE certified products. The certified products will still meet the required standards and will still be capable of being sold within the European Union. Concepta anticipates obtaining CE approval for its existing products within approximately 9 months of Admission (which is within the window when the UK will still be a part of the European Union). In the event that approval were not obtained in the period while the UK remained a member of the European Union, no assurance can be given that the necessary bilateral agreements will be made with the relevant EU bodies so that certification in the UK is sufficient to achieve the CE mark.

New Product Development

Concepta has a number of identified product development projects. There is no guarantee that these projects will result in ultimate products. If they do, it is possible that technical and/or regulatory hurdles could lengthen the time required for delivery.

Competition

There may be existing or new competitors entering Concepta's market segment with larger resources, greater market presence, better name recognition, economies of scale or a lower cost base than the Enlarged Group. They could seek to copy or improve on the Enlarged Group's business strategy which could adversely affect the Company's market shares.

Intellectual Property/Patents

The Directors and Proposed Directors regard the IPR that resides within the Enlarged Group as a significant element contributing to its future success. The Enlarged Group could incur substantial costs in defending or bringing a claim in relation to IPR, whether or not any such claim is successful. The Enlarged Group could also spend significant sums in relation to any damages, re-branding or redesign services as a result of IPR disputes. The Enlarged Group's involvement in IPR disputes may also distract the management's attention from the operation of the business. A successful claim for infringement against the Enlarged Group, its failure to bring a successful IPR claim against a third party or its failure or inability to licence or develop infringed IPR on acceptable terms and on a timely basis, could harm the Enlarged Group's business, operating results and financial performance.

No assurance is given that the Enlarged Group will develop IPR which is capable of being protected or that any protection gained will be sufficiently broad in its scope to protect the Enlarged Group's IPR rights and exclude competitors from similar IPR. There can be no assurance that the validity or scope of any IPR used or owned by the Enlarged Group will not be questioned or asserted by other parties or that a third party will not claim prior rights in relation to IPR used by the Enlarged Group.

The Enlarged Group anticipates that it will operate in several countries. The judicial institutions making determinations on IPR rights in these countries could reach decisions about the rights of the Enlarged Group to use certain IPR which are inconsistent or conflicting with decisions in other countries. Any such adverse decisions could materially harm the Enlarged Group's business, operating results and/or financial performance.

Future funding requirements

In the longer term, the Enlarged Group will need to raise additional funding to undertake development of future products beyond that being funded by the current cash deposits of the Company. There is no certainty that this will be possible at all or on acceptable terms. In addition, the terms of any such financing may be dilutive to, or otherwise adversely affect, Shareholders.

RISKS RELATING TO AN INVESTMENT IN THE ORDINARY SHARES

Trading and performance of Ordinary Shares

The AIM Rules are less demanding than those of the Official List and an investment in a company whose shares are traded on AIM is likely to carry a higher risk than an investment in a company whose shares are quoted on the Official List. It may be more difficult for investors to realise their investment in a company whose shares are traded on AIM than to realise an investment in a company whose shares are quoted on the Official List. The share price of publicly traded, early stage companies can be highly volatile. The price at which the Ordinary Shares will be traded and the price at which investors may realise these investments will be influenced by a large number of factors, some specific to the Enlarged Group and its operations and some which may affect quoted companies generally. The value of Ordinary Shares will be dependent upon the success of the operational activities undertaken by the Enlarged Group and prospective investors should be aware that the value of the Ordinary Shares can go down as well as up. Furthermore, there is no guarantee that the market price of an Ordinary Share will accurately reflect its underlying value.

Volatility of share price

The trading price of the Ordinary Shares may be subject to wide fluctuations in response to a number of events and factors, such as variations in operating results, announcements of innovations or new services by the Enlarged Group or its competitors, changes in financial estimates and recommendations by securities analysts, the share price performance of other companies that investors may deem comparable to the Company, news reports relating to trends in the Company's markets, large purchases or sales of Ordinary Shares, liquidity (or absence of liquidity) in the Ordinary Shares, currency fluctuations, legislative or regulatory changes and general economic conditions. These fluctuations may adversely affect the trading price of the Ordinary Shares, regardless of the Company's performance.

Future sales of Ordinary Shares could adversely affect the price of the Ordinary Shares

Certain existing Shareholders have given lock-in undertakings that, save in certain circumstances, they will not until twelve months following Admission, dispose of the legal or beneficial ownership of, or any other interest in, Ordinary Shares held by them. There can be no assurance that such parties will not effect transactions upon the expiry of the lock-in or any earlier waiver of the provisions of their lock-in. The sale of a significant number of Ordinary Shares in the public market, or the perception that such sales may occur, could materially adversely affect the market price of the Ordinary Shares.

Shareholders not subject to lock-in arrangements and, following the expiry of twelve months following Admission (or earlier in the event of a waiver of the provisions of the lock-in), the Locked-In Persons may sell their Ordinary Shares in the public or private market and the Company may undertake a public or private offering of Ordinary Shares. The Company cannot predict what effect, if any, future sales of Ordinary Shares will have on the market price of the Ordinary Shares. If the Company's existing shareholders were to sell, or the Company was to issue a substantial number of Ordinary Shares in the public market, the market price of the Ordinary Shares could be materially adversely affected. Sales by the Company's existing Shareholders could also make it more difficult for the Company to sell equity securities in the future at a time and price that it deems appropriate.

Dilution of Shareholders' interests as a result of additional equity fundraising

The Company may need to raise additional funds in the future to finance, amongst other things, working capital, expansion of the Enlarged Group, new developments relating to existing operations or new acquisitions. If additional funds are raised through the issuance of new equity or equity-linked securities of the Company other than on a pro rata basis to existing Shareholders, the percentage ownership of the existing

Shareholders may be reduced. Shareholders may also experience subsequent dilution and/or such securities may have preferred rights, options and pre-emption rights senior to the Ordinary Shares. The Company may also issue shares as consideration shares on acquisitions or investments which would also dilute Shareholders' respective shareholdings.

Dividends

There can be no assurance as to the level of future dividends. The declaration, payment and amount of any future dividends of the Company are subject to the discretion of the Shareholders or, in the case of interim dividends to the discretion of the Directors, and will depend upon, amongst other things, the Company's earnings, financial position, cash requirements, availability of profits, as well as provisions for relevant laws or generally accepted accounting principles from time to time.

Although the Board intends to pay dividends to Shareholders in the future, there can be no assurance that the Company will declare and pay, or have the ability to declare and pay, any dividends in the future.

EIS and VCT Relief

The Company has received notification from HM Revenue and Customs that the Placing Shares will be eligible shares within the meaning of section 204(1) Income Tax Act 2007 ("ITA") and that the Company will be a qualifying company for VCT purposes. Accordingly, a proportion of the Placing Shares should qualify for EIS and VCT relief but the availability of tax relief will depend, *inter alia*, upon the investor and the Company continuing to satisfy various qualifying conditions. The Company cannot guarantee to conduct its activities in such a way as to maintain its status as a qualifying EIS or VCT investment.

The specific and general risk factors detailed above do not include those risks associated with the Enlarged Group which are unknown to the Directors.

Although the Directors will seek to minimise the impact of the risk factors, investment in the Company should only be made by investors able to sustain a total loss of their investment. Investors are strongly recommended to consult an investment adviser authorised under FSMA who specialises in investments of this nature before making any decision to invest.

1. Accounting policies

Concepta is a limited company incorporated and domiciled in England and Wales. The registered office of Concepta is 2A St Martins Lane, York, North Yorkshire, YO1 6LN. The registered company number is 08361104.

Concepta's principal activity is development and commercialisation of medical devices.

The Directors of the Company are responsible for the financial information and contents of the AIM Admission Document in which it is included.

1.1 *Basis of accounting*

This financial information has been prepared in accordance with International Financial Reporting Standards (IFRS), including IFRIC interpretations issued by the International Accounting Standards Board (IASB) as adopted by the European Union and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS. This is the first financial information of the Company prepared in accordance with IFRS and Concepta has applied IFRS 1 'First time adoption of IFRS' from the transition date of 15 January 2013, which is also the date Concepta was incorporated. Please refer to Note 8.17 for details of the adjustments required to present the financial information under IFRS.

The historical financial information does not constitute statutory accounts as defined in Section 434 of the Companies Act 2006. Concepta's statutory financial statements for the periods ended 31 January 2016, 31 January 2015 and 31 January 2014 prepared under UK GAAP have been delivered to the Registrar of Companies.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

These policies have been consistently applied.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying Concepta's accounting policies. Those areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial information are disclosed in Note 3.

(a) *New and amended standards adopted by Concepta*

At the date of authorisation of this financial information, certain new standards, amendments and interpretations to existing standards applicable to Concepta's accounting period beginning after 1 February 2016 have been published but are not yet effective, and have not been adopted early by Concepta. These are listed below:

- IAS 16 and IAS 38 amendments—Clarification of Acceptable Methods of Depreciation and Amortisation (effective 1 January 2016)
- IFRS 11 amendments—Accounting for Acquisitions of Interests in Joint Operations (effective 1 January 2016)
- IFRS 10 and IAS 28 amendments—Sale or Contribution of Assets between an Investor and itsAssociate or Joint Venture (effective 1 January 2016)
- IAS 1 amendments—Disclosure Initiative (effective 1 January 2016)
- Annual Improvements 2012-2014 Cycle (effective 1 January 2016)
- IFRS 15—Revenue from Contracts with Customers (effective 1 January 2018)
- IFRS 9 Financial Instruments (effective 1 January 2018)

The adoption of these Standards and Interpretations is not expected to have a material impact on the financial information of Concepta in the period of initial application when the relevant standards come into effect.

(b) *Standards, interpretations and amendments to published standards that are not yet effective*

There are no other IFRSs or IFRIC interpretations that are not yet effective that would be expected to have a material impact on Concepta.

1.2 ***Revenue recognition***

Revenue is the total amount receivable by the Company for services supplied, excluding VAT and trade discounts.

1.3 ***Cash and cash equivalents***

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

1.4 ***Share capital***

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1.5 ***Research and development***

Research expenditure is written off to the statement of comprehensive income in the period in which it is incurred. Development expenditure is written off in the same way unless the directors are satisfied as to the technical, commercial and financial viability of the individual projects. In this situation, the expenditure is deferred and amortised over the period during which Concepta is expected to benefit.

1.6 ***Plant and equipment***

Property, plant and equipment is stated at historic cost, including expenditure that is directly attributable to the acquired item, less accumulated depreciation and impairment losses.

Depreciation is provided to write off cost, less estimated residual values, of all property, plant and equipment, evenly over their expected useful lives, calculated at the following rates:

Plant and equipment	–	25% straight line
Furniture, fittings & Equipment	–	25% straight line

The useful life, the residual value and the depreciation method is assessed annually.

The carrying value of the property, plant and equipment is compared to the higher of value in use and the fair value less costs to sell. If the carrying value exceeds the higher of the value in use and fair value less the costs to sell the asset, then the asset is impaired and its value reduced by recognising an impairment provision.

1.7 ***Employee Benefits***

(i) *Short-term benefits*

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are accrued in the period in which the associated services are rendered by employees.

(ii) *Defined contribution plans*

Concepta operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of Concepta. The annual contributions payable are charged to the statement of comprehensive income in the period they are payable in accordance with the rules of the scheme.

1.8 ***Tax and deferred taxation***

Deferred tax assets and liabilities are recognised where the carrying amount of an asset or liability in the statement of financial position differs from its tax base, except for differences arising on:

- the initial recognition of goodwill;
- the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction affects neither accounting or taxable profit; and
- investments in subsidiaries where Concepta is able to control the timing of the reversal of the difference and it is probable that the difference will not reverse in the foreseeable future.

Recognition of deferred tax assets is restricted to those instances where it is probable that taxable profit will be available against which the difference can be utilised.

The amount of the asset or liability is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the deferred tax liabilities or assets are settled or recovered. Deferred tax balances are not discounted.

Deferred tax assets and liabilities are offset when Concepta has a legally enforceable right to offset current tax assets and liabilities.

Concepta is entitled to a tax deduction on the exercise of certain employee share options. A share based payment expense is recorded in the income statement over the period from the grant date to the vesting date of the relevant options. As there is a temporary difference between the accounting and tax bases, a deferred tax asset may be recorded. The deferred tax asset arising on share option awards is calculated as the estimated amount of tax deduction to be obtained in the future pro-rated to the extent that the services of the employee have been rendered over the vesting period. If this amount exceeds the cumulative amount of the remuneration expense at the statutory rate, the excess is recorded directly in equity, against retained earnings. Similarly, current tax relief in excess of the cumulative amount of the share based payments expense at the statutory rate is also recorded in retained earnings.

1.9 ***Operating segments***

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision maker has been identified as the management team including the two main directors and a non-executive director.

The Board considers that Concepta's activity constitutes one operating and one reporting segment, as defined under IFRS 8. Management reviews the performance of Concepta by reference to total results against budget.

The total profit measures are operating profit and profit for the period, both disclosed on the face of the income statement. No differences exist between the basis of preparation of the performance measures used by management and the figures in Concepta's financial information.

1.10 ***Foreign currency translation***

Exchange differences arising on the settlement of monetary items, and on translation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income, in which cases, the exchange differences are also recognised directly in other comprehensive income.

1.11 ***Equity***

Equity comprises the following:

- Share capital: the nominal value of equity shares.
- Share premium
- Retained earnings

1.12 ***Equity instruments***

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of *new* shares or options are shown in equity as a deduction, net of tax, from proceeds. Dividends on ordinary shares are recognised as liabilities when approved for distribution.

1.13 ***Financial instruments***

A financial instrument is recognised in the financial statements when, and only when, Concepta becomes a party to the contractual provisions of the instrument.

A financial instrument is recognised initially, at its fair value plus directly attributable transaction costs.

(a) *Financial assets*

(i) On initial recognition, financial assets are classified as either financial assets at fair value through income statement, held-to-maturity investments, loans and receivables financial assets, or available-for-sale financial assets, as appropriate.

Loans and receivables
Concepta classifies all its financial assets as Trade and receivables. The classification depends on the purpose for which the financial assets were acquired.

Trade receivables and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables financial assets. Loans and receivables financial assets are subsequently measured at amortised cost using the effective interest method, less any impairment loss. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Concepta's loans and receivables financial assets comprise trade and other receivables (excluding prepayments) and cash and cash equivalents included in the Statement of Financial Position.

(ii) De-recognition
A financial asset or part of it is derecognised when, and only when, the contractual right to receive cash flows from the asset has expired or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset.

(iii) Impairment of financial assets
At each reporting date Concepta assesses whether there is objective evidence that a financial asset is impaired. A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset and it can be reliably measured.

(b) *Financial liabilities*

Financial liabilities are recognised when, and only when, Concepta becomes a party to the contracts which give rise to them and are classified as financial liabilities at fair value through the profit and loss or loans and payables as appropriate. Concepta's loans and payable comprise trade and other payables (excluding other taxes and social security costs and deferred income) and loans

When financial liabilities are recognised initially, they are measured at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through income statement.

Fair value through the income statement category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges. There were no financial liabilities classified under this category.

Concepta determines the classification of its financial liabilities at initial recognition and re-evaluate the designation at each financial year end.

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires.

When an existing financial liability is replaced by another from the same party on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

(c) *Financial Risk Management*

(d) *Fair value hierarchy*

All the financial assets and financial liabilities recognised in the financial statements which are short-term in nature are shown at the carrying value which also approximates the fair values of those financial instruments. Therefore, no separate disclosure for fair value hierarchy is required.

2. Risks and sensitivity analysis

Concepta's activities expose it to a variety of financial risks, mainly credit risk and liquidity risk.

Concepta's overall risk management programme focuses on unpredictability and seeks to minimise the potential adverse effects on Concepta's financial performance. Concepta's Board, on a regular basis, reviews key risks and, where appropriate, actions are taken to mitigate the key risks identified.

2.1 *Credit risk*

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to Concepta. In order to minimise this risk Concepta endeavours only to deal with companies which are demonstrably creditworthy.

The aggregate financial exposure is continuously monitored. The maximum exposure to credit risk is the value of the outstanding amount of other receivables and bank balances. Concepta does not consider that there is any concentration of risk within other receivables. Concepta's exposure to credit risk on cash and cash equivalents is considered low as the bank accounts are with banks with high credit ratings.

2.2 *Interest rate risk*

Concepta does not have formal policies on interest rate risk. However, Concepta's exposure in these areas (as at the balance sheet date) was minimal.

2.3 *Liquidity risk*

Concepta currently holds cash balances to provide funding for normal trading activity. Trade and other payables are monitored as part of normal management routine.

Borrowings and other liabilities mature according to the following schedule:

	Within 1 year £000's	*1-2 years £000's*	*2-5 years £000's*
2014			
Trade and other payables	8	–	–

	356	–	–
2016			
Trade and other payables	105	–	–
Loans & borrowings	30	–	–
	135	–	–

2.4 *Capital risk management*

Concepta's capital management objectives are to ensure Concepta's ability to continue as a going concern by pricing products and services commensurate with the level of risk; and to provide an adequate return to shareholders.

To meet these objectives, Concepta reviews the budgets and forecasts on a regular basis to ensure there is sufficient capital to meet the needs of Concepta through to profitability and positive cash flow.

All working capital requirements are financed from existing cash resources and borrowings.

3. Critical accounting estimates and judgements

The preparation of financial information in conformity with IFRS requires the use of certain critical accounting estimates. It also requires the directors to exercise their judgement in the process of applying the accounting policies which are detailed above. These judgements are continually evaluated by the directors and management and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The key estimates and underlying assumptions concerning the future and other key sources of estimation uncertainty at the statement of financial position date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and judgements which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are discussed below:

Estimates

- *Useful lives of depreciable assets*

  Management reviews the useful lives and residual value of depreciable assets at each reporting date to ensure that the useful lives represent a reasonable estimate of likely period of benefit to Concepta. Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

- *Share based payments*

  Concepta measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. Estimating fair value for share-based payment transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share based payment transactions are disclosed in Note 8.13 Share based payments.

- *Taxation*

  In recognising income tax assets and liabilities, management makes estimates of the likely outcome of decisions by tax authorities on transactions and events whose treatment for tax purposes is uncertain. Where the final outcome of such matters is different, or expected to be different, from previous assessments made by management, a change to the carrying value of income tax assets and liabilities will be recorded in the period in which such a determination is made. In recognising deferred tax assets and liabilities management also makes judgements about likely future taxable profits. The carrying values of current tax and deferred tax assets and liabilities are disclosed separately in the statement of financial position.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Rule 9 of the Takeover Code (**Rule 9**) therefore applies to any person, or group of persons, acting in concert, who acquires, whether by a series of transactions over a period of time or not, an interest in shares which, taken together with shares in which persons acting in concert with him are interested, carry 30 per cent. or more of the voting rights of the Company. It would also apply to any person who, together with persons acting in concert with him, is already interested in shares which in aggregate carry not less than 30 per cent. (but not more than 50 per cent.) of the voting rights of the Company if that person, or any person acting in concert with him, acquires an interest in any other shares which increases the percentage of shares carrying voting rights in which he is interested. Where Rule 9 applies, the person or concert party group is normally required by the Panel to make a general offer in cash to acquire from the other shareholders the remaining shares in the company at not less than the highest price paid by him or them within the preceding twelve months. Rule 9 is subject to a number of dispensations.

7.2 In the event a bidder for shares in the Company acquires at least nine-tenths in value of the issued share capital of the Company to which an offer relates the bidder may in accordance with the procedure set out in section 979 of the Act require the holders of any shares he has not acquired to sell them subject to the terms of the offer. Those Shareholders may in turn require the bidder to purchase their shares on the same terms.

7.3 No person has made a public takeover bid for the Company's issued share capital in the financial period to 31 December 2015 or in the current financial year.

7.4 As the Acquisition it being effected largely by a share for share exchange the effect on the assets and liabilities of the Enlarged Group is as set out in Part VI of this document. As Frontier currently has no trading business, the future earnings of the enlarged Group will comprise earnings generated by Concepta.

8. CONTROL

8.1 To the best of the knowledge of the Company, there are no persons who at the date of this document directly or indirectly control the Company, where control means owning 30 per cent. or more of the voting rights attaching to the share capital of the Company.

8.2 On completion of the Acquisition the Vendors will collectively own 41.1 per cent. of the Enlarged Ordinary Share Capital and will be able to exercise control over the Company.

Entities connected to or controlled by Mercia Technologies will collectively own 29.99 per cent. of the Enlarged Ordinary Share Capital and therefore Mercia Technologies has entered into the Relationship Agreement with the Company and SPARK Advisory Partners. Further details of the Relationship Agreement are set out in paragraph 15.6 of this Part VIII.

8.3 Other than pursuant to the Acquisition, the Company is not aware of any arrangements which may at a subsequent date result in a change in control of the Company.

9. MEMORANDUM AND ARTICLES OF ASSOCIATION

The provisions of the Company's memorandum of association and articles of association are summarised as set out below:

9.1 ***Memorandum of Association***

On 1 October 2009, by virtue of section 28 of the Act, the provisions of the Company's memorandum of association setting out its objects were deemed to be part of the Company's articles of association.

The articles of association that were deemed to include the memorandum of association of the Company were subsequently replaced on 21 February 2013 by the adoption of new articles of association in substitution for, and to the exclusion of, the articles of association in existence at that time.

As such, the Company's objects are now unlimited.

9.2 ***Articles of Association***

(a) *Adoption*

The current Articles were adopted by special resolution on 6 January 2016 and contain the provisions (amongst others) set out below.

(b) *Meetings of members*

Annual general meetings must be held within six months from the day following the Company's accounting reference date. Annual general meetings are called on twenty one clear days' notice in writing.

All other general meetings may be called whenever the directors think fit or when a meeting has been requisitioned in accordance with the Act. General meetings are called on fourteen clear days' notice (or a longer period if required by law) in writing.

A general meeting notice must specify whether the meeting is an annual general meeting or a general meeting, the date, time and place of the meeting, the general nature of the business to be dealt with at the meeting and should prominently specify that a member entitled to attend, speak and vote is entitled to appoint one or more proxies to attend, speak and vote instead of him at the meeting and that a proxy need not also be a member. A notice is to be given to all members entitled to receive the notice, the directors and the auditors.

The accidental omission to give notice of a meeting or to send a form of proxy (or non-receipt of such a notice or form by a person entitled to receive the same) shall not invalidate the proceedings of that meeting.

Two members present in person or by proxy or by a duly authorised corporate representative of a corporation which is a member and entitled to vote shall be a quorum for all purposes. No business shall be transacted at such a meeting unless a quorum is present, although this shall not preclude the choice or appointment of a chairman.

Shareholders need not attend a meeting of the Company in person but can do so by way of a validly appointed proxy. Proxies are appointed in accordance with the Articles. In order to be validly appointed, details of the proxy must be lodged at the Company's registered office (or another place specified) at least 48 hours before the commencement of the relevant meeting or in the case of a poll taken subsequently to the meeting, not less than 24 hours prior to the taking of the poll. Failure to lodge details of the appointed proxy in accordance with the Articles will result in the instrument of proxy not being treated as valid.

Corporate shareholders may appoint a corporate representative in accordance with the Articles. A certified copy of the resolution by the directors (or other governing body) authorising the appointment of the corporate representative must be lodged at the Company's registered office at least 48 hours before commencement of the relevant meeting or in the case of a poll taken subsequently to the meeting, not less than 24 hours before taking the poll. Failure to lodge details of the appointed corporate representative in accordance with the Articles will result in the authority granted by such a resolution not being treated as valid.

(c) *Voting rights*

A resolution put to a vote at a general meeting shall be decided on a show of hands, unless before, or upon the declaration of the result of the show of hands or on the withdrawal of any other demand for a poll, a poll is demanded by the chairman of the meeting, by at least five members present in person or by proxy and entitled to vote at the meeting, by a member or members present in person or by proxy representing not less than one-tenth of the total voting rights of all the members having the right to vote, or by a member or members present in person or by proxy holding shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all shares conferring that right.

Subject to the provisions of the Articles (including Article 6.1 relating to Deferred Shares and A Deferred Shares) and to any other terms as to voting attached to any shares, on a show of hands every member present in person (being an individual) or by duly authorised representative (being a corporation) or by proxy shall have one vote. On a poll, every member present in person or by representative (for a corporation) or by proxy shall have one vote for every share he holds (which do not need to all be used or cast in the same way).

In the case of joint holders, the senior who tenders the vote in person or by proxy, shall be accepted to the exclusion of the other votes of the other joint holders and for this purpose seniority is determined by the order in which the names stand in the Register in respect of the share.

(d) *Deferred Shares and A Deferred Shares Rights and Restrictions*

i. The holder of Deferred Shares and Deferred A Shares shall not:

be entitled to dividends;

be entitled to vote at any general meeting or annual general meeting of the Company;

ii. The Board is irrevocably authorised to:

a) appoint any person to execute on behalf of the Deferred Shares and A Deferred Shares holder(s) an agreement in respect of the transfer of Deferred Shares and A Deferred Shares (including any fractional entitlements) for an aggregate consideration of £1 to any person as designated by the Company and/or to the Company (with no shareholder being entitled to any fractional amount of less than 1p in aggregate for their Deferred Shares and A Deferred Shares); and

b) execute or sign on behalf of the Deferred Shares or A Deferred Shares holder(s) such documents as may be necessary to give effect to such a purchase referred to in a) above.

(e) *Alteration of capital*

Subject to the provisions of the Act and to any special rights attaching to any shares, the Company may (by ordinary resolution) issue shares with such preferred, deferred, special rights, restrictions, terms, conditions or manner of redemption, purchase by the Company or otherwise.

Subject to the provisions of the Act, the Board may offer, allot (with our without rights of renunciation), issue or grant options over shares to such persons, at such times, for such consideration and upon such considerations as the Board by determine.

Whenever shareholders become entitled to fractions of a share as a result of consolidation of shares, the Board may:

- deal with the fractions as it thinks fit;
- sell the shares representing the fractions to any person (including the Company, subject to the provisions of the Act) for the best price reasonably obtainable and distribute the net proceeds of sale (subject to the Company retaining amounts not exceeding £3) in due proportion among those members;
- authorise the execution of an instrument of transfer of the shares to (or in accordance with the directions of) the purchaser, and
- the transferee shall not be bound to see the application of the purchase money and their title to the shares will not be affected by an irregularity or invalidity of the proceedings relating to the sale.

(f) *Variation of rights*

Subject to the provisions of the Act and the terms of any relevant share issue, whenever the capital of the Company is divided into different classes of shares, the rights attached to any class of shares may be varied or abrogated either with written consent of the holders of three-quarters in nominal value of the issued shares of that class or with the sanction of a special resolution passed at a separate general meeting of the holders of that class of shares (save in relation to the rights attached to the Deferred Shares and/or A Deferred Shares which may be varied with the sanction of a special resolution of the holders of the Ordinary Shares).

At every such separate general meeting the provisions of the Articles relating to general meetings apply, except that:

- the necessary quorum at such a meeting (other than an adjourned meeting) shall be two persons holding (or representing by proxy) one-third in nominal value of the issued shares of the class in question (or one holder (or his proxy) of the relevant class of shares where there is only one such holder or at an adjourned meeting);
- a poll may be demanded by any holder of the relevant class of shares (or his proxy); and
- on a poll, holders of the relevant class of shares will have one vote for every share of such class held by him.

Subject to the terms of any share issue, the rights attached to any class of shares shall not be deemed to be varied or abrogated by the issue or creation of further shares ranking in some or all respects pari passu with, or subsequent to those already issued.

The provisions in relation to the variation of rights (as set out in this clause 9.2) shall apply to the variation or abrogation of the special rights attached to some only of the shares of any class as if such shares differently treated formed a separate class of shares.

(g) *Capitalisation of Reserves and Profits*

This clause 9.2(g) applies to:

- any undivided profits of the Company not required for paying fixed dividends on any preference shares or other shares issued on special conditions;
- any profits arising from appreciation in capital assets (whether realised by sale or ascertained by valuation); and
- any amounts standing to any reserve(s), the capital redemption reserve, share premium or other special account.

(**Capitalised Profits**).

The Company may upon the recommendation of the Board resolve by ordinary resolution to capitalise all or any parts of the Capitalised Profits of the Company and to authorise the Board to appropriate the Capitalised Profits to the members who would have been entitled thereto if distributed by way of dividend (in the same proportions).

Subject to any direction given by the Company, the Board shall apply such Capitalised Profits (except in the case of sums in the capital redemption reserve or share premium account which should only be applied to pay in full unissued shares to be allotted and distributed to members credited as fully paid) to the members entitled thereto as follows:

(a) in paying towards amounts unpaid on any shares held by such members (but no unrealised profit shall be applied for this purpose);

(b) paying up in full unissued shares, debentures or obligations of the Company to be allotted and credited as fully paid to such members in the proportions aforesaid (or as the Board may direct); or

(c) partly one way and partly the other.

Following the passing of such an ordinary resolution, the Board will have the power to make such provision as it thinks fit for the case of shares, debentures or obligations becoming exercisable in fractions, including the right for the Company to retain small amounts (where the cost of distribution would be disproportionate). The board shall also have the power to authorise any person to enter into an agreement with the Company (on behalf of the entitled members and which shall be effective and binding on all such members) for payment of any amounts unpaid on existing shares of the entitled members (by application of their respective proportions of profits to be capitalised) or the allotment to those members of further shares, debentures or obligations to which they may be entitled upon such capitalisation (credited as fully paid).

The Company may resolve in a general meeting that any shares allotted (pursuant to the provisions of this clause 9.2(g) to holders of partly paid ordinary shares shall rank for dividends only to the extent that such partly paid shares rank for dividends (so long as such ordinary shares remain partly paid).

(h) *Transfer of shares*

Each member may transfer all or any of his shares by instrument of transfer in writing in any usual form or in any form approved by the Board.

The instrument of transfer shall be signed by or on behalf of the transferor and (except in the case of fully paid shares) by or on behalf of the transferee. The Transferor shall be deemed to remain the holder of the share until the name of the transferee is entered on the Register in respect thereof.

The Board may in its absolute distraction, without giving any reason, refuse to register any transfer of shares where any or all of them are not fully paid, provided that such discretion may not be exercised so as to prevent dealings on an open and proper basis of any shares which are admitted to the Official

List of the UK Listing Authority, traded on AIM, admitted on the ISDX-quoted market or traded on any other recognised investment exchange.

The Board may also decline to register any transfer of a share on which the Company has a lien (save for fully paid shares), where the transfer is in respect of more than one class of share or where the transfer is in favour of more than four transferees.

(i) *Dividends and other distributions*

Subject to the provisions of the Act, the Company may by ordinary resolution declare that dividends be paid to members in accordance with their respective rights and priorities out of the profits available for distribution. No dividend shall exceed the amount recommended by the Board.

Save as otherwise provided by the Articles or the rights attached to any shares, all dividends shall be declared and paid pro rata according to the amount paid up on the shares in respect of which the dividend is paid. All dividends shall be apportioned and paid pro rata according to the amount paid up (or credited as paid) on the shares during any portion(s) of the period in respect of which the dividend is paid, provided that shares issued on the basis that they shall rank for dividend from a particular date or be entitled to dividends declared after a particular date shall rank or be entitled accordingly.

The Directors may deduct from any dividend payable to any member all sums presently payable by such member to the Company on account of calls or otherwise in relation to shares of the Company.

All dividends and interest shall belong to and be paid (subject to any lien of the Company) to those members whose names shall be on the register at the date at which such dividend shall be declared or at the date at which such interest shall be payable respectively, or at such other date as the Company by ordinary resolution or the Board may determine, notwithstanding any subsequent transfer or transmission of shares.

No dividend or other monies payable to any member shall bear interest as against the Company unless provided for in the share rights. All dividends, interest and other sums payable after having been declared may be invested or otherwise used by the Board for the benefit of the Company until they are claimed. All dividends unclaimed for a period of 12 years after having been declared shall be forfeited and shall revert to the Company.

The Board may if authorised by an ordinary resolution of the Company and subject to the Articles and such terms and conditions as the Board may determine, offer any holder of ordinary shares the right to elect to receive additional ordinary shares, credited as fully paid, in lieu of cash in respect of any dividend or any part of any dividend specified by the ordinary resolution.

(j) *Pre-emption rights*

There are no rights of pre-emption under the Articles in respect of transfers of issued ordinary shares.

In certain circumstances, the Company's shareholders have statutory pre-emption rights under the Act in respect of the allotment of new shares in capital of the Company. These statutory pre-emption rights require the Company to offer new shares for allotment by existing shareholders on a pro rata basis before allotment to other persons.

Authority will be sought by way of resolution in a general meeting to dis-apply statutory pre-emption rights, with such authority to expire on the earlier of the date of the Company's next annual general meeting or the expiry of 15 months from the date of the resolution.

(k) *Restrictions on shares*

If a member or any other person appearing to be interested in shares held by such member has been issued with statutory notice under section 793 of the Act and has failed to comply with this notice by supplying to the Company within the prescribed period, (if the Board serves on such member a disenfranchisement notice) such member shall not be entitled to be present or vote (in person, by

representative or by proxy) at any general meeting (or any general meeting of the holders of any class of shares) or on any poll or to exercise any right conferred by membership in relation to meetings of the Company in respect of the shares which are the subject of such notice. Where the holding represents not less than 0.25 per cent of the issued shares of that class, the payment of dividends (or other monies payable) may be withheld, and such member shall not be entitled to transfer such shares otherwise than by an excepted transfer (as defined in the Articles).

(l) *Directors*

i. Powers of the Board

Subject to the provisions of the Articles, the Act and any directions given by special resolution, the business of the Company shall be managed by the Directors, who may exercise all such powers of the Company.

The Board may delegate any of its powers to any committee consisting of one or more Directors. If any such committee determines to co-opt persons other than Directors on to such committee, the number of such co-opted persons shall be less than one half of the total number of members of the committee and no resolution of the committee shall be effective unless a majority of the members of the committee present at the meeting concerned are Directors.

ii. Number And Qualification Of Directors

No shareholding qualification is required by a Director. Unless otherwise determined by ordinary resolution of the Company, the number of Directors (other than alternate Directors) shall not be less than two. The number of directors is not subject to any maximum number save as may from time to time by way of ordinary resolution be determined.

No person other than a director retiring at the meeting shall (unless recommended by the Board) be eligible for election as a Director at any general meeting unless not less than seven and no more than forty-two clear days before the date appointed for the meeting, written notice by a member entitled to vote at the meeting has been given to the Company of the intention to propose the relevant person for election, which must give the particulars which would be added to the Company's register of directors, together with written notice executed by the person being proposed of his willingness to be elected.

iii. Election, Appointment, Retirement, Resignation, Removal and Disqualification

Subject to the provisions of the Articles, the Company may elect a Director by ordinary resolution but the total number of Directors shall not exceed the maximum number fixed from time to time. The Board may also appoint any person to be a Director, either to fill a casual vacancy or by way of addition of their number, but that Director shall hold office only until the next annual general meeting when they shall be eligible for election and unless so elected shall vacate office.

A Director shall retire at least once every three years and a retiring Director shall be eligible for re-election. If he is not re-elected or deemed to be then he shall hold office until the meeting elects someone in his place or, if this does not happen, until the end of the meeting. If the Company does not fill the vacancy at a meeting at which a Director retires, the retiring Director (if willing to act) shall be deemed to have been reappointed unless it is resolved at the meeting not to fill the vacancy or a resolution for the reappointment of a Director is put to the meeting and lost.

A Director may resign by written notice submitted to the Board. Subject to the Act, the Company may by special resolution or ordinary resolution remove a Director before his expiration of his period of office (but such removal shall be without prejudice to any claim such Director may have for a breach of contract of service between him and the Company).

A resolution of the Board declaring a Director to have vacated office to the following actions of the Director shall be conclusive as to the fact and grounds of vacation stated in the resolution, if the Director:

- becomes bankrupt or the subject of an interim receiving order or makes any arrangement or composition with his creditors generally or applies to the court for an interim order under section 253 of the Insolvency Act 1986 in connection with a voluntary arrangement under that Act;
- is admitted to hospital pursuant to an application for admission for treatment under the Mental Health Act 1983 or the Mental Health (Scotland) Act 1984;
- an order is made by a court having jurisdiction (whether in the United Kingdom or elsewhere) on the ground (howsoever formulated) of mental disorder for his detention or for the appointment of a guardian, receiver, curator bonis or other person to exercise powers with respect to his property or affairs;
- is the subject of a written opinion to the Company by a registered medical practitioner who is treating the Director stating that the Director has become physically or mentally incapable of acting as a director and may remain so for more than three months;
- is absent from meetings of the Board for six consecutive months without permission of the Board and the Board resolves that his office be vacated;
- ceases to be a Director by virtue of any provision of the Statutes or becomes prohibited by law from being a Director;
- receives written notice signed by all the other Directors removing him from office without prejudice to any claim which such Director may have for damages for breach of any contract of service between him and the Company; or
- in the case of a Director who holds any executive office, ceases to hold such office (whether because his appointment is terminated or expires) and the majority of the other Directors resolve that his office be vacated.

iv. Remuneration, Gratuities and Pensions

The Directors (other than alternate Directors) shall be paid such remuneration (by way of fee) for their services as may be determined by the Board. The Directors shall be entitled to be repaid all their travelling, hotel and other expenses (properly and reasonably incurred by him while engaged on the business of the Company or in discharge of his duties as Director) of travelling to and from meetings of the Directors, committee meetings, general meetings or other meetings.

Any director who (by request of the Board) performs special services or goes or resides aboard for any purposes of the Company may be paid such extra remunerations as the Board may decide. The remuneration of any chief executive, managing director, joint managing director or executive director shall be decided by the Board and in addition to or in lieu of any remuneration as a Director.

The Board may exercise all the powers of the Company to provide benefits, whether by the payment of gratuities or pensions or by insurance or otherwise, for any Director who has held, but no longer holds, any executive office or employment with the Company.

v. Office Appointment, Associates, Alternates

Subject to the provisions of the Act and the Articles, the Board may from time to time appoint any one of their number to any office (including chief executive, managing director and joint managing director but not including the office of auditor) or employment in the Company for such a period and on such terms as they think fit and may revoke such an appointment (without any prejudice to any rights or claims such a person may have against the Company by reason of such revocation).

Any Director (other than an alternate Director) may appoint another Director or any other person approved by the Board and willing to act as an alternate Director of the Company, and may at any time terminate that appointment. An alternate Director shall be entitled to be indemnified by the Company to the same extent as if he were a Director.

vii. Proceedings of the Board

A Director may, and the secretary on the requisition of a Director shall, call a meeting of the Board and notice of such meeting shall be deemed to be duly given to each Director if it is given to him personally or by word of mouth or sent in writing (including in electronic form) to him at his last known address or any other address given by him to the Company for this purpose. If any Director is absent from the United Kingdom, notices need not be given any earlier than notices given to Directors not so absent.

The quorum necessary for the transaction of the business of the Board may be fixed by the Board, and unless so fixed at any other number shall be two. A Director or other person who is present at a meeting of the Board in more than one capacity (that is to say, as both Director and an alternate Director or as an alternate for more than one Director) shall not be counted as two or more for quorum purposes unless at least one other Director or alternate Director is also present.

Questions arising at any meeting of the Directors shall be determined by a majority of votes. In case of an equality of votes the chairman of the meeting shall have a second or casting vote. A Director who is also an alternate Director shall be entitled in the absence of his appointor to a separate vote on behalf of the Director he is representing in addition to his own vote.

The Board may appoint from their number, and remove, a chairman and, if it thinks fit, a deputy chairman of its meetings and determine the period for which they respectively are to hold office. If no such chairman or deputy chairman is appointed, or neither is present within five minutes after the time fixed for holding any meeting or, if neither of them is willing to act as chairman, the Directors present may choose one of their number to act as chairman of such meeting.

vii. Directors' Interests and Conflicts

The Board may, subject to quorum and voting requirements in the Articles, authorise any matter which would otherwise involve a Director breaching their duty under the Act to avoid conflicts of interests. A director seeking such authorisation must tell the Board the nature and extent of his interest in the conflict of interest as soon as reasonably practicable, providing sufficient details and any additional information requested by the Board. Save as provided in the Articles, the relevant Director (and any other Director) with a similar interest shall not be counted in the quorum present at the relevant Board meeting nor vote on any resolution giving such authorisation and may be excluded from the Board meeting whilst the conflict of interest is considered (if the other Directors decide).

The Board may authorise a conflict on any terms it sees fit and such authority should be recorded in writing. The board may revoke or vary such authority at any time (provided this shall not affect anything done by the director prior to such revocation in accordance with the terms of the authority).

If a Director is in any way directly or indirectly interested in a proposed contract with the Company or a contract that has been entered into by the Company, he must declare the nature and extent of that interest to the Board in accordance with the Act. Provided such interest is declared the director may be party to the contract, subject to the remaining provisions of the Articles.

A Director shall not vote on or be counted in the quorum in relation to any resolution of the Board concerning his own appointment, or the settlement or variation of the terms or

the termination of his own appointment, as the holder of any office or place of profit with the Company or any other company in which the Company is interested.

A director shall not be entitled to vote (nor count in the quorum) in respect of any resolution of the Board in respect of any contract in which he has an interest, unless such interest cannot reasonably regarded as giving rise to a conflict or where such interest relates to any of the following matters:

a. the giving of any security, guarantee or indemnity in respect of money lent or obligations incurred by him or by any other person connected with him at the request of or for the benefit of the Company or any of its subsidiary undertakings;

b. the giving to a third party of any security, guarantee or indemnity in respect of a debt or obligation of the Company or any of its subsidiary undertakings for which the director himself has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;

c. the giving of any other indemnity (where all other Directors are also being offered indemnities on substantially the same terms);

d. the funding by the Company of his expenditure on defending proceedings or the Company doing anything to enable him to avoid incurring such expenditure (where all other Directors are being offered substantially the same arrangements);

e. any proposal concerning an offer of securities by the Company or any of its subsidiary undertakings for which offer he is or is to be interested as a participant in the underwriting or sub-underwriting thereof;

f. any contract in which he is interested by virtue of his interest in shares or debentures or other securities of the Company or by reason of any other interest in or through the Company;

g. any contact concerning another company (not a company in which the Director is (to his knowledge) either directly or indirectly the holder of or beneficially interested in one per cent or more of any class of the equity share capital of a company (excluding treasury shares) or the voting rights available to members.

h. any proposal concerning the adoption, modification or operation of a pension fund, superannuation or similar scheme, retirement, death or disability benefits scheme, employees' share scheme (relating to both Directors and employees of the Company or any of its subsidiary undertakings and not providing any Director with any privilege or advantage not accorded to the employees to which the fund or the scheme relates);

i. any contract for the benefit of employees of the Company or any subsidiary undertakings (which does not provide any Director with any privilege or advantage not accorded to the employees to whom the contract relates);

j. any contract for the purchase and/or maintenance of any insurance policy for the benefit of directors or for the benefit of persons including directors.

The interest of the appointer of an alternate Director shall be treated as an interest of the alternate Director without prejudice to any interest which the alternate Director has otherwise.

The Company may by ordinary resolution suspend or relax the provisions relating to Director's interests and conflicts, or ratify any contract not properly authorised by reason of contravention of such provisions.

(m) *Borrowing Powers*

The Board may exercise all the powers of the Company to borrow money, to mortgage or charge all or its undertaking, property, assets (present and future) and uncalled capital, and, subject to the

provisions of the Act, to issue debentures and other securities, and to give security whether outright or as collateral security for any debt, liabilities or obligations of the Company or of any third party.

11.2 ***EMI Options***

As soon as reasonably practicable following Admission, the Company will adopt an Enterprise Management Incentive (**EMI**) share option scheme (**EMI Scheme**) to incentivise the Proposed Directors and key management of the Enlarged Group and to align their interests with the interests of the Shareholders. The provisions of the EMI Scheme are as follows:

11.2.1 EMI Options will be granted, subject to HM Revenue & Customs approval where necessary, to members of staff under the provisions of the Enterprise Management Incentives (**EMI**) legislation contained in Schedules of Income Tax (Earnings and Pensions) Act 2003 (**Schedule 5**) the details of which are set out in this paragraph 11.2 of this Part VIII. An EMI Option takes the form of an individual contract between the Company and the employee and a set of scheme rules. It is envisaged that options will be granted to current and future employees under the EMI Scheme.

(a) *Employee Eligibility*

Any employee of the Company or the Enlarged Group who works either at least 25 hours per week or commits at least 75 per cent., of this working time to the business of the Company or the business of the Enlarged Group and who does not already beneficially own either directly or indirectly through his associates more than 30 per cent., of the Ordinary Shares of the Company may be granted an option under the EMI Scheme.

(b) *Individual Limit on Participation*

An individual employee's participation under the EMI Scheme is limited so that the aggregate market value of the shares placed under the EMI Option, and of any unexercised options granted under any share option scheme approved by HM Revenue & Customs under Chapter 8 of Part I and Schedule 4 of the Income Tax (Earnings and Pensions) Act 2003 valued at the date of the grant of the EMI Options which are held by that employee, cannot exceed £250,000. If this limit is exceeded, the employee may not hold further qualifying options for a three year period.

(c) *Company Limit*

The maximum value of unexercised qualifying options (valued as at the date of grant) that may exist under an EMI scheme is restricted to £3 million. The number of option shares, when aggregated with the number of Ordinary Shares issued or issuable pursuant to all rights granted under the EMI Scheme or any other of the Company's employee share schemes within the previous period of ten years, may not exceed 10 per cent. of the number of Ordinary Shares in issue at the date of grant.

(d) *Exercise*

The EMI Options granted will become exercisable at such time as the Company has determined at the date of grant and may not be exercised after the tenth anniversary of the date of the grant. At the time of grant certain performance conditions can be imposed which need to be satisfied prior to the option being capable of being exercised. An EMI Option shall only be exercised over a number of Option Shares in respect of which it is vested. If the option holder ceases to be an employee of the Company prior to that date the Option will lapse immediately. On an employee leaving the option shall lapse immediately unless the Board resolves to allow the option to be exercised within a 3 month period of the employee leaving.

(e) *Non-transferability of options*

The EMI Options are non-transferable (except on death to the personal representatives of the option holder). An EMI Option shall lapse immediately if it is purportedly transferred, mortgaged, charged or assigned.

(f) *Variation of share capital*

For these purposes "variation" of share capital includes any capitalisation, rights issue, sub-division, consolidation or reduction or any other variation in the ordinary share capital of the Company occurring after the date of grant. Upon a variation of the ordinary share capital of the Company, the Directors may adjust either the number of Ordinary Shares an employee is entitled to acquire or adjust the exercise price in a manner they consider fair and reasonable, provided this is confirmed in writing by the Company's auditors, the exercise price is not reduced below the nominal value of an Ordinary Share and the option holder has approved such variation.

(g) *Alterations*

Subject to procuring advance approval from the HM Revenue & Customs, the Directors may alter the provisions of the relevant option agreement provided any such alteration is in writing and is signed by or on behalf of each party and it does not breach the provisions of Schedule 5.

(h) *Disqualifying Events*

Schedule 5 sets out specific events which are to be treated as disqualifying events. The consequence of a disqualifying event occurring prior to the exercise of the EMI Options will be the loss of the qualifying status and the tax benefits under the EMI legislation unless the options are exercised within 40 days of the date of the occurrence of the disqualifying event. Under the terms of the EMI Option Scheme, where certain disqualifying events occur, the Board may permit exercise within the 40 day timescale or such longer period as they shall determine. Failure to exercise the option within the stipulated period would cause the option to lapse on the expiry of such period.

11.2.2 The Company proposes that following Admission it will offer the current holders of options granted by Concepta over its shares new options over New Ordinary Shares. If all holders of such Concepta options accept such offer, the Company anticipates that replacement options will be granted by the Company over 3,540,650 New Ordinary Shares at an exercise price of £0.075 per New Ordinary Share.

Interest will accrue on the loan at a rate of 8% per annum. 21. TAXATION

21.1 ***Introduction***

The following paragraphs are intended as a general guide only to the United Kingdom tax position of Shareholders who are the beneficial owners of Ordinary Shares in the Company who are United Kingdom tax resident and, in the case of individuals, domiciled in the United Kingdom for tax purposes and who hold their shares as investments (otherwise than under an individual savings account (ISA)) only and not as securities to be realised in the course of a trade.

Certain Shareholders, such as dealers in securities, collective investment schemes, insurance companies and persons acquiring their Ordinary Shares in connection with their employment or as an office holder may be taxed differently and are not considered. Furthermore, the following paragraphs do not apply to:

- potential investors who intend to acquire Ordinary Shares as part of a tax avoidance arrangement; or
- persons with special tax treatment such as pension funds or charities.

Any prospective purchaser of Ordinary Shares in the Company who is in any doubt about their tax position or who is subject to taxation or domiciled in a jurisdiction other than the United Kingdom, should consult their own professional adviser immediately.

Unless otherwise stated the information in these paragraphs is based on current United Kingdom tax law and published HMRC practice as at the date of this document. Shareholders should note that tax law and interpretation can change (potentially with retrospective effect) and that, in particular, the levels, basis of and reliefs from taxation may change. Such changes may alter the benefits of investment in the Company.

21.2 ***Income Tax – taxation of dividends***

The taxation of dividends paid by the Company and received by a Shareholder resident for tax purposes in the United Kingdom is summarised below and for United Kingdom resident individuals and trustees is based on the draft 2016 Finance Bill and accordingly may be subject to change.

United Kingdom resident individuals

With effect from 6 April 2016 a new system of taxation for dividends will apply to United Kingdom resident individual shareholders. From this date dividends received are no longer grossed up to include a 10% notional tax credit. Instead individuals will pay tax on the amount received.

Dividend income is subject to income tax as the top slice of the individual's income. Each individual will have an annual Dividend Allowance of £5,000 which means that they will not have to pay tax on the first £5,000 of all dividend income they receive.

Dividends in excess of the Dividend Allowance will be taxed at the individual's marginal rate of tax, with dividends falling within the basic rate band taxable at 7.5% (the "dividend ordinary rate"), those within the higher rate band taxable at 32.5% (the "dividend upper rate") and those within the additional rate band taxable at 38.1% (the "dividend additional rate").

United Kingdom discretionary trustees

The annual Dividend Allowance available to individuals will not be available to United Kingdom resident trustees of a discretionary trust. From 6 April 2016 United Kingdom resident trustees of a discretionary trust in receipt of dividends are liable to income tax at a rate of 38.1%, which mirrors the dividend additional rate.

United Kingdom resident companies

Shareholders that are bodies corporate resident in the United Kingdom for tax purposes, may (subject to anti-avoidance rules) be able to rely on Part 9A of the Corporation Tax Act 2009 to exempt dividends paid by the Company from being chargeable to United Kingdom corporation tax. Such shareholders should seek independent advice with respect to their tax position.

United Kingdom pension funds and charities are generally exempt from tax on dividends that they receive.

Non-United Kingdom residents

Generally, non-United Kingdom residents will not be subject to any United Kingdom taxation in respect of United Kingdom dividend income. Non-United Kingdom resident shareholders may be subject to tax on United Kingdom dividend income under any law to which that person is subject outside the United Kingdom. Non-United Kingdom resident shareholders should consult their own tax advisers with regard to their liability to taxation in respect of the cash dividend.

Withholding tax

Under current United Kingdom tax legislation no tax is withheld from dividends or redemption proceeds paid by the Company to Shareholders.

21.3 ***United Kingdom Taxation of capital gains***

The following paragraphs summarise the tax position in respect to a disposal of Ordinary Shares on or after 6 April 2016 by a Shareholder resident for tax purposes in the United Kingdom. It includes references to proposed changes to the taxation of capital gains included in the draft 2016 Finance Bill, most notably providing for a reduced rate of capital gains tax of 10% on gains realised on the disposal of certain ordinary shares, subject to various conditions being met. Accordingly the draft clauses may be subject to change.

To the extent that a Shareholder acquires Ordinary Shares allotted to him, the amount paid for the Ordinary Shares will generally constitute the base cost of the Shareholder's holding.

A disposal of Ordinary Shares by a Shareholder who is resident in the United Kingdom for United Kingdom tax purposes or who is not so resident but carries on business in the United Kingdom through a branch, agency or permanent establishment with which their investment in the Company is connected may give rise to a chargeable gain or an allowable loss for the purposes of United Kingdom taxation of chargeable gains, depending on the Shareholder's circumstances and subject to any available exemption or relief.

For individual Shareholders who are United Kingdom tax resident or only temporarily non-United Kingdom tax resident, capital gains tax at the rate of 10 per cent. for basic rate taxpayers (previously 18 per cent.) or 20 per cent. for higher or additional rate taxpayers (previously 28 per cent.) may be payable on any gain (after any available exemptions, reliefs or losses). For Shareholders that are bodies corporate any gain may be within the charge to corporation tax. Individuals may benefit from

certain reliefs and allowances (including a personal annual exemption allowance) depending on their circumstances. Shareholders that are bodies corporate resident in the United Kingdom for taxation purposes will benefit from indexation allowance which, in general terms, increases the chargeable gains tax base cost of an asset in accordance with the rise in the retail prices index, but will not create or increase an allowable loss.

Individual Shareholders who continuously hold their Ordinary Shares for no less than three years from their issue date may, on a subsequent disposal of those Ordinary Shares, qualify for "Investors' relief". Investors' relief is a new relief contained within the draft Finance Bill which provides for a reduced rate of capital gains tax of 10% on gains realised on the disposal of certain ordinary shares, up to a lifetime limit of £10m of gains, subject to various conditions being met by both the investor and investee company.

The relevant qualifying conditions of Investors' Relief are considered likely to be met by the Company and/or the Concepta Group. However neither the Company, its Directors or advisors can guarantee that those conditions will be or will continue to be met throughout the required share-holding period.

For trustee Shareholders of a discretionary trust who are United Kingdom tax resident, capital gains tax at the rate of tax of 20 per cent. (previously 28 per cent.) may be payable on any gain (after any available exemptions, reliefs or losses).

Non-United Kingdom resident Shareholders will not normally be liable to United Kingdom taxation on gains unless the Shareholder is trading in the United Kingdom through a branch, agency or permanent establishment and the Ordinary Shares are used or held for the purposes of the branch, agency or permanent establishment.

21.4 ***Stamp duty and stamp duty reserve tax (SDRT)***

No UK stamp duty or SDRT will be payable on the issue or allotment of Ordinary Shares pursuant to the Subscription, nor on subsequent transfers or agreements to transfer Ordinary Shares by virtue of the exemption from 28 April 2014 from stamp duty and SDRT on shares traded on AIM.

The statement in this paragraph 21.4 applies to any holders of Ordinary Shares irrespective of their residence, and are a summary of the current position and are intended to be a general guide to the current stamp duty and SDRT position. Certain categories of person are not liable to stamp duty or SDRT and others may be liable at a higher rate than that referred to above or may, although not primarily liable for the tax, be required to notify and account for it. Special rules apply to agreements made by market intermediaries and to certain sale and repurchase and stock borrowing arrangements. Agreements to transfer shares to charities should not give rise to a liability to stamp duty or SDRT.

21.5 ***Inheritance Tax***

Shares in AIM listed trading companies or holding company of a trading group may after a 2 year holding period qualify for Business Property Relief for United Kingdom inheritance tax purposes, subject to the detailed conditions for the relief.

21.6 ***VCT Investment and EIS Tax Relief***

(a) VCT Investment

The Company has applied for and obtained advance assurance from HMRC that the Ordinary Shares should be able to form part of a qualifying holding for the purposes of the VCT legislation. The status of the Ordinary Shares as a qualifying holding for VCT purposes will be conditional, inter alia, upon the Company continuing to satisfy the relevant requirements.

The advanced assurance relates only to the qualifying status of the Company and its shares and does not guarantee that any particular VCT will qualify for relief in respect of an acquisition of Placing Shares. The conditions for relief are complex and depend not only upon the

qualifying status of the company, but upon certain factors and characteristics of the VCT concerned. VCTs who believe they may qualify for VCT relief should consult their own tax advisers regarding this.

The Company cannot guarantee or undertake to conduct its business following Admission, in a way to ensure that the Company will continue to meet the requirements of Chapter 4, Part 6, Income Tax Act 2007.

Neither the Company nor its advisers give any warranties or undertakings that the VCT relief will be available or that, if given, such relief will not be withdrawn. The tax legislation in respect of VCTs is found in Part 6 of the Income Tax Act 2007 and sections 151A and 151B of the Taxation of Capital Gains Act 1992.

(b) *EIS Tax Relief*

The Company has applied for and obtained advance assurance from HMRC that the Ordinary Shares will be eligible shares for EIS purposes, subject to the submission of the relevant claim form in due course. Prospective investors who may be eligible for EIS are strongly recommended to consult their own professional advisers, particularly on the conditions which must be satisfied by both the Company and the investor to obtain such relief, the nature of the tax advantage which may be obtained, and the circumstances in which relief may be withdrawn or reduced. The Company cannot guarantee or undertake to conduct its business following Admission, in a way to ensure that the Company will continue to meet the requirements of Chapter 4, Part 5 of the Income Tax Act 2007. Neither the Company nor its advisers give any warranties or undertakings that EIS relief will be available, or that if available, such relief will not be withdrawn or reduced. The tax legislation in respect of EIS relief is found in Part 5 of the Income Tax Act 2007 and in Section 150A to 150C and Schedule 5B of the Taxation of Chargeable Gains Act 1992.

   (e) otherwise than in connection with sub-paragraphs (a) – (c), the allotment of equity securities up to an aggregate nominal amount of £272,500,

The Company may, before this authority expires, make an offer or agreement which would or might require equity securities to be allotted after it expires and the directors may allot equity securities pursuant to that offer or agreement.

8. THAT, subject to and conditional upon the passing of Resolution 1 and 2, the name of the Company be changed to Concepta plc.

Notes

1. Resolution 1 will be taken on a poll of Independent Shareholders.

2. Members entitled to attend and vote at the General Meeting are also entitled to appoint one or more proxies to exercise all or any of their rights to attend and speak and vote on their behalf at the meeting. A shareholder may appoint more than one proxy in relation to the General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder which must be identified on the form of proxy. A proxy needs to be a shareholder of the Company. A form of proxy which may be used to make such appointment and give proxy instructions accompanies this notice. If you wish your proxy to speak at the meeting, you should appoint a proxy other than the chairman of the meeting and give your instructions to that proxy.

3. A Form of Proxy is enclosed for use by members. To be valid it should be completed, signed and delivered (together with the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power of authority) to the Company's registrars Neville Registrars, Neville House, 18 Laurel Lane, Halesowen B63 3DA not later than 48 hours, excluding non-working days, before the time appointed for holding the General Meeting or in the case of a poll taken subsequently to the date of the General Meeting or any adjourned meeting, not less than 24 hours before the time appointed for the taking of the poll or for holding the adjourned meeting. Shareholders who intend to appoint more than one proxy can obtain additional Forms of Proxy from Neville Registrars. Alternatively, the form provided may be photocopied prior to completion. The Forms of Proxy should be returned in the same envelope and each should indicate that it is one of more than one appointments being made.

4. An abstention option has been included on the Form of Proxy. The legal effect of choosing the abstention option on any resolution is that the shareholder concerned will be treated as not having voted on the relevant resolution. The number of votes in respect of which there are abstentions will however be counted and recorded, but disregarded in calculating the number of votes for or against each Resolution.

5. Any person to whom this notice is sent who is a person under section 146 of the Act 2006 to enjoy information rights (a **Nominated Person**) may, under an agreement between him/her and the shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the General Meeting. If a Nominated Person has no such

proxy appointment right or does not wish to execute it, he/she may, under any such agreement, have a right to give instructions to the shareholder as to the exercise of voting rights.

6. The statement of rights of shareholders in relation to the appointment of proxies in paragraphs 1 and 4 above does not apply to Nominated Persons. The rights described in these paragraphs can only be exercised by shareholders of the Company.

7. CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so by utilising the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s) who will be able to take the appropriate action on their behalf.

8. CREST members who wish to appoint one or more proxies through the CREST system may do so by using the procedures described in "the CREST voting service" section of the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed one or more voting service providers, should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf. In order for a proxy appointment or a proxy instruction made using the CREST voting service to be valid, the appropriate CREST message (a "CREST proxy appointment instruction") must be properly authenticated in accordance with the specifications of CREST's operator, Euroclear UK & Ireland Limited (**Euroclear**), and must contain all the relevant information required by the CREST Manual. To be valid the message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy, must be transmitted so as to be received by Neville Registrars, as the Company's "issuer's agent" (7RA11) by 11.00 a.m. on 23 July 2016 (as such a message cannot be transmitted on weekends or on other days when the CREST system is closed). After this time any change of instruction to a proxy appointed through the CREST system should be communicated to the appointee through other means. The time of the message's receipt will be taken to be when (as determined by the timestamp applied by the CREST Applications Host) the issuer's agent is first able to retrieve it by enquiry through the CREST system in the prescribed manner. Euroclear does not make available special procedures in the CREST system for transmitting any particular message. Normal system timings and limitations apply in relation to the input of CREST proxy appointment instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or a CREST sponsored member or has appointed any voting service provider, to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as is necessary to ensure that a message is transmitted by means of the CREST system by any particular time. CREST members and, where applicable, their CREST sponsors or voting service providers should take into account the provisions of the CREST Manual concerning timings as well as its section on "Practical limitations of the system". In certain circumstances the Company may, in accordance with Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001 or the CREST Manual, treat a CREST proxy appointment instruction as invalid. The CREST Manual can be reviewed at www.euroclear.com.

9. CREST members and, where applicable, the sponsors or voting service provider(s), should note that CREST does not make available a special procedure in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of proxy instructions. It is the responsibility of the CREST members concerned to take (or if the CREST member is a CREST personal member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s) such actions as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection CREST members and where applicable their CREST sponsors or voting service provider(s) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

10. The Company may treat as invalid a CREST proxy instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

11. Completion and return or submission electronically, of a Form of Proxy will not affect the right of such member to attend and vote in person at the meeting or any adjournment thereof.

12. Pursuant to Regulation 41 of the Uncertificated Securities Regulations 2001, the Company gives notice that only those shareholders entered on the register of members of the Company at 11.00 a.m. on 23 July 2016 will be entitled to attend or vote (whether in person or by proxy) at the General Meeting in respect of the number of shares registered in their name at that time. Changes to entries on the register after 23 July 2016 will be disregarded in determining the rights of any person to attend or vote at the meeting or any adjourned meeting (as the case may be).

13. As at 6 July 2016 (being the last business day prior to the publication of this notice of meeting) the Company's issued share capital consisted of 5,159,856,649 Existing Ordinary Shares, carrying one vote each, therefore, the total voting rights in the Company as at 6 July 2016 are 5,159,856,649.

14. Shareholders who prefer to register the appointment of their proxy electronically using the internet can do so at www.sharegateway.co.uk and should use their personal proxy registration code as shown on the Form of Proxy. The voting ID, task ID and shareholder reference number printed on the form of proxy will be required in order to use the services. Alternatively Shareholders who have already registered with Neville Registrars' online portfolio service can appoint their proxy electronically by logging on to their portfolio and clicking on the link to vote. For an electronic proxy appointment to be valid, voting instructions must be received by Neville Registrars no later than 23 July 2016. You may not use any electronic address provided in this notice of meeting to communicate with the Company for any purpose other than those expressly stated.
